Silence Greets India Leader's War Truce Call

LONDON (AP) — The U. S. and Communist governments were silent today on Indian Prime Minister Indira Gandhi's proposal for an immediate Geneva conference and the end of American bombing of North Viet Nam.

Mrs. Gandhi proposed Thursday that convening of the conference be followed by a truce and that a settlement include the withdrawal of all foreign forces from Viet Nam and guarantees of neutral independence for Viet Nam, Laos and Cambodia.

There "can be no military solution in Viet Nam" and there is no alternative to a peaceful settlement, she said in a broadcast before leaving for talks with leaders of the United Arab Republic, Yugoslavia and the Soviet Union. She arrived in Cairo today to meet with President Gamal Abdel Nasser.

Most foreign governments, including those of the United States and North Viet Nam, were informed of Mrs. Gandhi's proposal in advance. She also sent a personal letter to President Ho Chi Minh of North Viet Nam.

The crux of her proposal was another Geneva conference of the type held in 1954 to negotiate an end to the French Indochina War. The agreements reached at that conference are theoretically still in force and Britain and the Soviet Union remain the conference cochairmen.

Mrs. Gandhi said the cochairmen, instead of debating how the warring nations could be brought to the negotiating table, should immediately convene another meeting at Geneva.

"I offer these proposals as no more than an idea," Mrs. Gandhi said. "India is committed to a peaceful solution and not to any particular solution. We would be willing to support any alternative proposal that offers hope of success."

Navy Says Red Port Oil Area Is Wiped Out

SAIGON, South Viet Nam (AP) — U. S. fighter-bombers blasted oil, rail and missile sites in North Viet Nam Thursday, dodged Communist MIGs and missiles and knocked out four torpedo boats, the U. S. command reported.

In a day of furious air action, two American planes were shot down. The pilot of one was rescued; the other is missing.

The four torpedo boats were spotted by reconnaissance planes near a coastal island about 30 miles southeast of Haiphong. The Navy said the camouflaged boats opened fire.

Three attack flights were launched from the carriers Constellation and Hancock. They reported sinking two of the torpedo boats trying to flee, heavily damaging another and leaving the fourth beached and burning. It was the third attack on North Vietnamese torpedo boats within a week.

Both U. S. and Vietnamese military headquarters reported only minor skirmishes in the ground war in South Viet Nam. A U. S. spokesman said there was no significant contact with the enemy in the past 24 hours.

The Navy reported that its planes which raided the Haiphong fuel depot Thursday had just about finished the destruction of the port facilities for unloading and storing oil—including two vital oil-pumping stations—following the first attack there 10 days ago. The announcement indicated only about six per cent of the installation still remained.

Besides the followup Haiphong strike, U.S. planes Thursday blasted an oil dump 35 miles north of Hanoi, another 43 miles southeast of Vinh and a missile site 20 miles northeast of Haiphong. The Air Force also reported destroying 23 boxcars, damaging 48 and cutting the tracks in 28 places.

Holiday Travel

LANSING (AP) — Highway travel in Michigan over the Fourth of July weekend was above the Memorial Day weekend but was below the Fourth weekend of last year, reports the State Highway Department. Michigan motorists drove an estimated 459.17 million miles over this past Fourth, 5 per cent more than on Memorial Day but 3 per cent below the Fourth of a year ago.

BAREFOOT 15-YEAR-OLD Darlene Martin, sitting on the second floor window ledge of her Harrisburg, Pa., home, is about to be rescued by Joseph Buskey, a fireman, after fire broke out in her home. The fire started in the basement filling the house with smoke causing other members of her family to be rescued from window ledges. (AP Wirephoto)

Governors Back S. Viet Defense

LOS ANGELES (AP) — The nearly unanimous verdict of the nation's governors is that there can be no turning back in the prosecution of the war in Viet Nam.

By a 49-1 vote, the governors gave approval at the windup of their 58th annual conference Thursday to a resolution affirming their "resolute support of our global commitments, including our support of the military defense of South Viet Nam against aggression."

The long dissenter, Republican Gov. Mark O. Hatfield of Oregon, called it a "blank check" for President Johnson's conduct of the war. He said he doesn't support Johnson's policies.

"I do not support escalation of this war," he declared.

Democratic Gov. Grant Sawyer of Nevada, who sponsored the resolution, said it did not commit the governors to future actions that might be taken.

Elect W. L. Guy

Democratic Gov. William L. Guy of North Dakota, elected to succeed GOP Gov. John H. Reed of Maine as the conference chairman, took no part in the hot and at times waspish debate which preceded approval of the Viet Nam resolution.

The 49 votes included those of the governors of Samoa, Puerto Rico, and the Virgin Islands. Gov. J. Millard Tawes of Maryland had left the conference earlier. Gov. Frank G. Clement of Tennessee failed to attend, as did Gov. Nelson A. Rockefeller and the governor of Guam.

There was unanimous approval of a meeting next year in the Virgin Islands, with a plush trip aboard a luxury liner thrown in.

No Standout

What happened in this Beverly Hills meeting was that nobody established a political beachhead that seemed to give him a grip on his party's nomination for the 1968 prize of top place on the ticket. There was no Democratic competiton, of course, against President Johnson.

On the other side, Gov. George Romney of Michigan presented no forceful bid for his party's No. 1 nomination to oppose Johnson's expected bid for an elected second term.

Romney opposed any conference declaration on Viet Nam. He said it wasn't needed, that the governors were wasting their time in talking about things they could not control and why didn't they get down to the business that concerned them.

Romney For Resolution

But in the end, after supporting Hatfield in an ill-fated amendment to limit the endorsement to support of the American fighting men in Viet Nam, he voted for the Democratic-drafted resolution.

The political effect of these maneuverings was not clear. But even Romney's good friends didn't believe that he added to his political stature by his zigzag performance.

Despite everything that was said about it, the resolution the conference passed endorsed only a fight against Communist aggression and not the methods Johnson has pursued. Thus the Republicans who supported it were left free to criticize in this year's campaign how the President had carried out his job.

Weather

Machinist Strike Cripples Five Major Airlines Today

Strike Cuts 178 Flights In Michigan

By The Associated Press

Michigan lost 178 daily scheduled passenger flights from its air lines service today as a strike hit four major carriers serving the state.

The nationwide strike by the International Association of Machinists halted commercial service by the air lines to six major airports across the Lower Peninsula.

Heaviest hit was Detroit Metropolitan Airport where 111 daily flights were being affected by the walkout of 466 Machinists union members employed in the Detroit area.

The union nationally struck Eastern, Northwest, TWA, United—all of which serve Michigan — and National air lines.

A spokesman for United Airlines, the only affected carrier serving outstate Michigan, said the strike affected 20 daily United flights at Grand Rapids. Seven union mechanics were stationed at Grand Rapids.

He said it was disrupting 13 flights daily at Lansing, 13 at Flint, 12 at Tri-Cities Airport serving Midland, Bay City and Saginaw and nine at Muskegon.

JAMES REYNOLDS, center, Assistant Secretary of Labor, announced that settlement efforts had failed to avert an airline strike set for this morning. With Reynolds, after negotiations broke up, are: William J. Curtin, left, chairman of the airlines group, and J.W. Ramsey, general vice president of the AFL-CIO International Association of Machinists. The companies affected are Eastern, National, Northwest, Trans World and United. (AP Wirephoto)

Sen. W. Morse Says Union Is Not Justified

WASHINGTON (AP)—A machinists union strike crippled operations of five major airlines today.

More than 35,000 members of AFL-CIO International Association of Machinists began walking off their jobs at 6 a.m. local time. A half hour later a spokesman announced the five airlines—Eastern, Northwest, National, Trans World and United -- had canceled all originating flights.

In some cases, the spokesman said, through flights were continuing to their final destinations.

Picket lines formed at New York, Washington and other airports in the populous Eastern section of the nation at 6 a.m. EDT. The strike then spread westward from one time zone to the next.

250,000 Passengers Daily

The five airlines normally carry more than 150,000 passengers daily, according to an airlines survey, on flights blanketing the United states and spanning the globe.

Last-ditch negotiations failed to resolve the labor dispute that began last year.

At his Texas Ranch, President Johnson deplored the failure of the union and airlines to reach agreement on wages and other issue. He ordered the Civil Aeronautics Board to work to minimize inconvenience to the public and told the Defense Department to report immediately on any problems that arise.

The union said, however, that all IAM workers involved in military aircraft contracts would remain on the job.

Johnson also asked Postmaster General Lawrence F. O'Brien to use every means of moving the mails as rapidly as possible. The President was especially concerned that there be no delay in mail to servicemen in Viet Nam.

Serve 254 Cities

The five airlines serve 231 cities in the United States and 23 cities abroad. Their 94,000 employees represent about 64 per cent of the industry's total employment. In terms of revenue passenger miles the five firms account for 61 per cent of domestic trunk airline operations.

The airlines said that if no substitute services were provided, the strike would leave 68 cities without trunk air service.

The Civil Aeronautics Board, on White House orders, called in separately Thursday night representatives of 13 local service airlines, supplemental airlines that specialize in charter operations and seven trunk airlines not threatened with a strike.

CAB transportation specialists worked until late in the night to find possible means of handling the traffic normally served by the five airlines' 5,000 daily flights.

"No decision was reached," a CAB spokesman said, but it was likely that flights would be rerouted and temporary new route authority granted.

Talks On Saturday

Negotiations between the union and the airlines broke off at midafternoon Thursday and Assistant Secretary of Labor James Reynolds announced there would be a strike.

At Johnson's request, Reynolds called for negotiations to resume at 10 a.m. EDT Saturday.

Shortly after the talks collapsed, the chairman of a presidential panel that had made recommendations to settle the dispute asked that the strike be postponed for two weeks for further mediation.

The chairman, Sen. Wayne Morse, D-Ore., said in a statement that "this is one case in which there is no possible justification for the union to strike."

"This union cannot justify holding a strike gun at the head of its government in this hour of international crisis," he said.

Ask 53 Cents

The union seeks wage increases totaling 53 cents an hour over a three-year period. The airlines offered 30 cents an hour and the presidential panel headed by Morse had recommended raises up to 48 cents an

Eaton Workers At Vassar Vote Return To Work

VASSAR (AP) — Promised a change in the company's job classification policy, workers at Eaton, Yale & Towne Manufacturing Co.'s Vassar plant voted Thursday night to return to work on Monday.

The workers, members of Local 564 of the Allied Industrial Workers of America, had been on strike at the grey-iron foundry for six days after a worker was suspended for refusing a new job assignment.

The company said the strike caused a shortage at a General Electric plant at Louisville, Ky., and, if not settled, would have caused layoff of 5,000 workers at the GE plant.

Today's Chuckle

Women were made without a sense of humor so that they could love men instead of laugh at them.

Legislators In Many States Hike Salaries

CHICAGO (AP) — The pay scale for state legislators ranged from $100 to $10,000 a year and it's going to go up, an Associated Press survey shows.

New York's legislators, by voting this week to raise their expense allowances from $1,000 to $3,000, reached the compensation level of $13,000—$500 more than in Michigan, where the salary was $10,000 and expenses $2,500.

The House and Senate members in Albany, it is expected will keep their place at the top of the pay scale in 1967 with a $5,000 base pay boost, to $15,000, and $1,000 expenses.

But California's legislators, who made $6,000 and fringe pay this year, hope to jump to a $16,000 annual salary if voters approve a constitutional change allowing the legislators to set their own pay.

Michigan's Legislature tried for $17,500 next year, including $2,500 in expense allowance, but settled for $12,500 and $2,500.

These offer a contrast with New Hampshire, where a legislator gets $200 every two years, unless he's presiding officer of his house. Then, he gets $250. The lawmaker also gets a daily round-trip mileage whether he commutes to Concord or not.

In Wyoming, the base pay ceiling on a yearly basis is $240. This is figured on the basis of $12 a day during a session, with a maximum of 40 days each two years. However, a Wyoming lawmaker can claim $20-a-day expenses during the session, a rate that was raised from $12 in 1963.

Utah provides $500 a year plus $5 a day expenses while its biennial Legislature is in session. In North Dakota, legislators get $5 a day while in session, but they also get a $1,200 expense allowance for the session.

Comparing the legislators' jobs would be like comparing apples and oranges. In New York there were six months of sessions this year, while in many smaller states legislators were entirely free to work their farms or run their shops or offices.

Michigan's Legislature is close to a record-length session.

A feature of California's $16,000 pay proposal is its link with a strict conflict-of-interest law which would force many legislators to curtail such private business interests as law practice, insurance sales or connection with firms competing for state contracts.

Man Is Sought In Grand Ledge Woman Stabbing

GRAND LEDGE (AP) — A Grand Ledge woman was found stabbed to death Thursday on a riverbank near her home. Eaton County sheriff's officers sought a neatly dressed man who they said was with the woman earlier in the day.

Deputies said the victim, 37-year-old Mrs. Betty Reynolds, was last seen alive by her two young daughters. The girls said the man came to their house and ordered them to leave.

When they returned home, the youngsters said, their mother was gone. Deputies said the woman had been stabbed several times.

Expands Plant

KALKASKA (AP) — The Kalkaska Screw Products plant, a main industry in Kalkaska, has announced an expansion to more than double its present quarters. The company said the added 10,000 square feet of manufacturing space plus new offices will mean more employment at the plant.

Union Wheel Is More Firmly In Hoffa's Hands

MIAMI BEACH, Fla. (AP) — Teamsters President James R. Hoffa sat more firmly in the drivers seat of the giant union today after being voted a new five-year term and perhaps the greatest power ever held by a labor leader.

"We are at the wheel," the triumphant Hoffa told nearly 2,000 convention delegates who ignored his 13-years impending prison sentences and re-elected him and other top union officials without a whisper of opposition.

Lionized as "the world's greatest labor leader," a "champion of champions," and "the greatest tiger of them all," Hoffa went promptly back to work.

"I'll be in my office in the morning," Hoffa, 53, said after ending the four-day convention he dominated with only a smattering of opposition on a few issues.

He urged the delegates to get behind the Teamster hierarchy and work for the benefit of the union's 1.7-million members and their families.

Among the benefits Hoffa won for himself were a $25,000 wage increase, to $100,000 a year; approval to pay his $1 million-plus in legal expenses, and a union constitution rewritten to guarantee him nearly air-tight job security even if he goes to jail.

And Hoffa gathered into his hands broad new authority to negotiate national, industry-wide and area-wide contracts in which all union locals must join if a majority of locals approve.

Auto Production Down For Week

DETROIT (AP) — Automobile production this week declined 125,952, the industry's publication Automotive News reported Thursday.

The industry total compared with 177,028 last week and 161,685 in the same week last year.

Automotive News said the decline was due to more plant changeovers, a strike at Ford Motor Co. and the Fourth of July holiday.

The strike at Ford's engine foundry at Cleveland caused closing of plants at Wayne, Los Angeles and Atlanta Thursday and today.

The five-millionth car of the calendar year was turned out Wednesday, 12 days later than its 1965 counterpart, the publication said.

Industry output for the year rose to 5,079,172 compared with 5,395,999 for the same period in 1965. The June total for this year was 821,436.

SPEBSQSA

CHICAGO (AP) — About 5,000 persons are attending the 28th annual convention of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America this week.

Anterless Hunt Up For Decision

ROSCOMMON (AP)—A substantial cut in the number of doe and fawn licenses was to be approved today by the State Conservation Commission.

The commission, meeting at Higgins Lake Conservation School near Roscommon, was still undecided Thursday, however, on how big a slash would be made in the antlerless deer quota.

Last year's deer kill was estimated at 113,000, including some 49,000 does and fawns.

Some hunters protested that too many antlerless deer were killed.

A citizens advisory committee has recommended the taking of only about 35,000 antlerless deer this season. Conservation Department game experts recommend the taking of some 39,000.

At the brief informal meeting Thursday, commission members admitted they were surprised that no protestors came to argue the deer kill issue.

Dave Arnold, department deer specialist, said there was a good supply of Whitetails in both the Northern Lower and Upper Peninsulas.

He said the winter was not severe and that the fawn crop was very good.

The advisory committee recommended a 50 per cent cut in the antlerless deer take in the Mio district. The game men said they would be willing to go along with the recommendation.

In the southern part of Roscommon County, the advisory committee asked that only 325 antlerless deer be taken. Game experts said at least 650 needed to be taken out of the area.

Commissioner Matt Laitala of Hancock urged going along down the line with the recommendations of the department experts.

"If we listen to the committee recommendations, we might as well quit the business of game management," he said.

There was no issue at this meeting on setting hunting recommendations for elk. The two-year commission authority to set a special season for the huge animals ran out last year and the Legislature did not extend it.

The deer season automatically is set for Nov. 12-27 in the Upper Peninsula and Nov. 19-Dec. 4 in the Lower Peninsula.

THE MAIN STREET of Argyle, northwestern Minnesota town of 800, was all but deserted after a lethal poison was used mistakenly by a pilot spraying for mosquito control Wednesday night. Hundreds of residents evacuated their homes until they could be washed down to reduce the danger of poisoning. (AP Wirephoto)

Load 169 Boats:

Ore Shipments Near Last Year

The Chicago & North Western Railway has loaded 2,378,591 tons of iron ore into 169 boats so far this year—tonnage that is approximately the same to the same date last year.

Ore shipments in June, however, were well over those for that month a year ago, it is reported by L. A. McMillan, C&NW dock agent.

The North Western loaded out 818,665 tons of ore at Escanaba last month compared to 768,806 tons for June 1965.

Marquette, with two docks, is pushing ahead of Escanaba in the volume of ore handled, according to the report of the American Iron Ore Association.

Marquette's June tonnage was 843,482 to exceed the Escanaba figure for the month; but for the season to date Marquette reported 2,323,916 tons —slightly under the Escanaba total.

Cause For Alarm

The Great Lakes ore fleet is now dominated by Canada, a cause of concern for American shipping interests and the U. S. government. "We are just beginning to wake up—five years too late," McMillan commented.

In Cleveland earlier this year John M. Drewry, chief counsel of the House Merchant Marine and Fisheries Committee, told the Lake Carriers Association that "we must face up to reality."

The 22 per cent decline of the Lakes fleet in the last five years, he said, compared with an overall decline of 11 per cent for the active merchant marine during the last ten years.

Calling the plight of our Great Lakes fleet "indeed a cause for alarm," he referred to Canada's prospering and growing fleet.

Loss Of Jobs

"Where we have lost ships, they have gained—where we have laid off men, they have hired—where we have shipyards and other facilities partially idled, they are bustling with activity," he added.

Drewry referred to the decline in the number of U. S. lakes vessel employees from 14,000 to 9,000 since 1953.

"The loss of jobs means a direct loss of some $35 million in wages — based on return of wages to the economy at a rate of 68 per cent, the annual loss to the economy for six rounds is $100 million."

He pointed out that while the U. S. lakes fleet has declined 17 per cent in tonnage in the last 10 years, the Canadian fleet had increased 52 per cent, that while U. S. operators have built no bulk carriers since 1960, Canada built 21 and has more scheduled for construction.

Student Editor Seeks New Trial

EUGENE, Ore. (AP) — A new trial will be sought for Annette Buchanan, University of Oregon student editor convicted of contempt of court for refusing to tell a grand jury the names of persons from whom she obtained material for a news story.

Her attorney, Arthur Johnson, said Thursday, a motion would be filed today or Monday as a prelude to an appeal to the Oregon Supreme Court.

She was convicted June 28 and fined $500.

Miss Buchanan, 20, of Seattle, refused to tell a county grand jury the names of persons she interviewed for a story on the use of marijuana on the University of Oregon campus.

GARY PALER, son of Mr. and Mrs. Raymond Paler of 612 S. 20th St., Escanaba, graduated from Stevens Institute of Technology, Hoboken, N.J., on June 11. He was awarded a Master of Science Degree in Mathematics. Gary is a member of the technical staff at Bell Laboratories at Holmdel, N.J., and was also part of the Bell Laboratory teams which developed the electronics telephone switching systems. He is a graduate of Holy Name High School and Northern Michigan University.

Council Names New Members To City Boards

Fourteen new members were named by the City Council to six Escanaba boards and commissions on Thursday night, concluding the up-dating and reorganization of the citizen-participation groups.

The Council met an hour earlier than usual in committee to consider the long list of recommended names from which the selections were made, explained Mayor Harold Vanlerberghe.

City Manager George Harvey said that service and civic groups in the community had been contacted in advance with a request they suggest names of citizens for appointment. The response indicated keen interest and each person appointed was contacted in advance to assure his acceptance.

By resolution the Council reduced the number of members to seven on most of the boards and commission, to make them less unwieldy; established that members must maintain a good record of attendance; and that after six years service a member must be off the board or commission for one year before he could be reappointed.

List Appointees

The Council reappointed Edwin Kositzky to the Board of Heating Examiners, one of the newest of the citizen groups. None of the members of any of the boards or commissions are paid.

Lyle Plowman and Jim Zimmerman are new members of the Recreation Board; and new members of the Citizens Safety Advisory Committee are Howard Acker, Ronald Taylor, Ernest Rudolph, Rene Labre and George Goymerac.

New members to the Library Board are Mrs. Don Wertz and Isadore Stein. A third appointee, Conrad Finstrom, was removed from the list by drawing when it was discovered that if three new members were appointed the Library Board would have eight rather than the limit of seven members.

Robert Barron was reappointed to the Civil Service Commission; William Morrow and Mrs. Lois Thompson were named as new members to the Board of Zoning Appeals; and Matt Smith and Ron Lankford were appointed new members to the Planning Commission.

Appreciate Service

The Council expressed its appreciation to the several citizens who are retiring from membership on boards and commissions, noting their service the public.

Two additional citizen groups —a Commerce Committee and a Citizens Advisory Committee on Planning—have yet to be named.

In other business the Council adopted a resolution commending Frank Bourke, former city controller, for his services over the past 11 years. Bourke resigned to accept a position with Michigan Consolidated Gas Co.

The Council at the request of Emil Auger approved subject to the sanction of the police department the dropping of Kenneth LeQuia as a partner in the liquor license at 1111 Ludington St.

Employers Mutuals of Wausau was awarded the contract for insurance for the city's fleet of vehicles. Their net bid of $2,745 was the lowest of two received.

Bids Deferred

The $3,465 bid of the Escanaba Machine Co. was the lowest of two to provide the city with a trenching machine; and the C. Reiss Coal Co. bid of $10.96 per ton, the only bid received, was approved. The city will use 3,000 tons of coal in the steam plant for the last season for central heating operation.

By resolution the Council abolished the Committee on Aging and placed the responsibility for programs for senior citizens under the Recreation Board.

The opening of bids for the construction of public rest rooms and a harbor master building at the yacht basin was continued to 5 p. m. Monday, when the Council will meet in recessed session. Plans and specifications for the proposed structure are available from Kenneth Buckland, the consulting engineer.

The Council approved a deed conveying to the Escanaba Area Public Schol district an area on S. 18th St. which will become—with the addition of the five acres owned by the schools—the site for an elementary school building and a playground.

A resolution supporting North Star Bus Lines in its request to serve Escanaba and Marquette from Lower Michigan was adopted.

'Eye In Sky' Proves Worth

EAST LANSING (AP)—The Etate Police "Eye In The Sky" to watch for speeders has turned out to be more efficient in some cases than its arm on the ground.

The new airplane patrol program had its first test over the Fourth of July weekend, and in some areas the plane was pointing out speeders faster than troopers on the ground could wave them over.

"We're finding out that in some places we're going to have to use more men on the ground," Capt. Jack Foster said Thursday.

Some of the three planes may be up again this weekend, Foster said, although patrols will be spotty, depending on weather and the need for planes in other activities such as search and rescue.

Foster, commander of the Operations and Communications Division, said the plane patrols arrested 63 persons on freeways and major trunkline highways over the holiday weekend.

R. Stellwagen Funeral Set

Funeral arrangements for Robert H. Stellwagen, who died July 6, have been set.

Friends may call at the Messier-Broullire Funeral Home in Garden after 6 p.m. today.

Funeral services will be held 10 a.m. Saturday in the Funeral home with Rev. Joseph Callari officiating. Burial will be in New Garden Cemetery.

He was born in Garden, Sept. 5, 1895 and married the former Nina M. Mellon, Jan. 14, 1918.

Stellwagen received his degree as a consulting professional engineer from the University of Michigan and was a mechanical engineer for the City of Detroit until 1946. He is a member of the Engineering Society of Detroit, American Society of Mechanical Engineers, Michigan Association of Professions, Michigan and National Academy of Art, Science and Letters, Photographic Society of America, National Society of Professional Engineers and Consulting Engineer's Council.

Surviving are his widow, two sons, nine grandchildren and one sister, uth Tattersall of Traverse City.

Goodman Will Enlarge Plant

Calumet & Hecla's Goodman Division of Escanaba, announces the signing of construction contracts covering the expansion of its Mellen, Wis., veneer plant.

A. C. Baudek, vice president and general manager of the Goodman Division indicated that the construction contracts have been awarded to Gust Giancola, Iron Belt, Wis., and Harold Peterson, Washburn, Wis.

Ground is being broken this week for the company's new veneer storage plant totaling 30,000 square feet of space. The building and the additional facilities are expected to be completed early in the fall.

Calumet & Hecla, Inc., is a highly diversified international company whose operations include the Wolverine Tube Division with plants manufacturing tubing in Dearborn Heights, Mich., Detroit, and Decatur, Ala. The Flexonics Division in Bartlett, Ill., produces flexible metal hose and pipe, flexible ducting and metallic bellows. The Calumet Division in Calumet, is engaged in mining copper ore and producing agricultural chemicals. The division also produces grey iron and Calhard castings. The Alamet Division in Alabama produces primary magnesium from dolomite.

The company's Goodman Division produces hardwood veneers, dimensional stock and lumber. The two Canadian Divisions of Calumet & Hecla (Canadian) Ltd., are the Wolverine Tube Division and the Flexonics Division which produce basically the same products as their U. S. counterparts.

Pioneer In TB Fight Dies At 88

BOYNE CITY (AP)—Dr. Guy C. Conkle, 88, a physician here since 1919, died Thursday at home. In 1920, Conkle led a statewide campaign which resulted in the first requirement that dairy cattle be inoculated against tuberculosis. He was four times mayor of Boyne Ciy in the 1930's. He is survived by a son, Guy C. Jr. Funeral arrangements were incomplete.

Volunteer

NEW CASTLE, Ind. (AP) — Sheriff Von Rin has left the Henry County sheriff's department for a tour of duty as a volunteer in the Air Force. He is a 3½-year-old German shepherd dog owned by Sheriff Warren Davis.

Citizenship Topic Of U.P. Seminar

A seminar dedicated to understanding the principles of Americanism, communism and American free enterprise is being sponsored by the Escanaba Chamber of Commerce and County Farm Bureaus in the U. P.

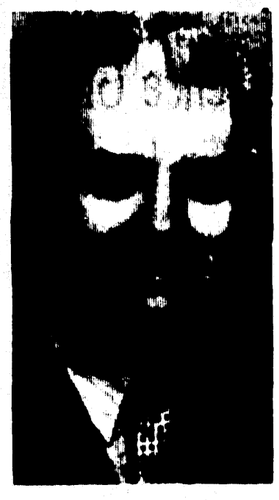
The citizenship seminar begins 8 a. m. Tuesday, July 12 and ends at 3:30 p. m. Wednesday, July 13.

Hugo Kivi, Michigan Farm Bureau field representative in the Upper Peninsula says the purpose of the seminar is "to keep aglow those sparks of human desire so that all may have a better life in this region, state and nation."

Cleon Skousen, author, lecturer and attorney who was 16 years with the FBI, much of it training FBI agents in Communist tactics and theory, will lecture on "History and Objectives of Communism," "Tactics and Theory of Communism" and "Understanding Communism in World Affairs." A film, "Communism in Action," will be shown.

Rounding out the first day will be the evening program with Walter Lewke, manager of the Escanaba Chamber of Commerce, as generel chairman and Dr. Lewis E. Lloyd, business economist, of Dow Chemical Co., Midland, speaking on "Understanding Our Basic Economic System."

Wednesday belongs to Clifton Ganus, president of Harding College, Searcy, Ark., who will speak on "Understanding and Preserving Our Heritage." "What Then Is This New Man,"



Dr. Lewis E. Lloyd

"The Moral Foundation of Freedom" and "Pyramids of Freedom". A film, "The Fall of Nations" by the National Education Program and a film strip, "The True Revolution" will be shown.

After observations and a critique the seminar will adjourn

In Service

Marine Pfc. James L. Paulin, son of Mr. and Mrs. Lester Paulin, 224 N. 20th St., Escanaba, is serving at Da Nang Air Base, South Vietnam, with Marine Fighter Attack Squadron 115. The squadron's mission is to attack and destroy surface targets, escort helicopters and conduct other types of air operations.

New Aid Formula Adds $130,000 To Area Schools

The new State Aid for schools bill approved by the legislature is expected to mean an additional $130,000 to the Escanaba Area School district, according to figures supplied today by Supt. of Schools Luther M. Barrett.

Estimated state aid for 1966-67, including about $60,000 for transportation and about $17,000 for special education, comes to $1,160,996. Total State aid in 1965-66 was $1,029,010.

Based on Area property tax valuation of $50,583,606, another $743,579 in local property tax revenue is anticipated.

Total anticipated revenue would be about $1,904,575.

Budget To Balance

Barrett said a "balanced budget" would be submitted to the Board of Education at its regular meeting next Tuesday night at the school administration building. Revisions in the tentative budget have been made from the $1,898,942 figure submitted to the County Tax Allocation Board in April because of proposed salary increases to teachers.

Total expenditures for the 1965-66 school year are expected to run close to the budgeted $1,692,745, although the school system has not yet completed a final audit, Barrett said.

The Escanaba Area school district is the largest in the Upper Peninsula with an anticipated enrollment in September of 4,550 students. The enrollment does not include students from the Bark River-Harris district.

Vote on consolidation of the two districts is scheduled July 25 in the Delta-Schoolcraft Intermediate School district reorganization election.

The new state aid formula provides $405 per membership pupil, minus 15 mills times the local school district valuation. The new formula includes the special aid to low valuation districts which was distributed separately last year.

In addition to the membership formula, school districts also receive assistance for bussing students and special education programs.

Talks To Resume?

Finalization of the state aid formula is expected to open the door for resumption of contract talks with the Escanaba Area chapter of the Michigan Education Associations. Negotiations were suspended last month, pending legislative action on the state aid formula.

The school system's 170 teachers are still without contracts for the 1966-67 year.

Barrett said, however, that the Board of Education and the Escanaba Area Non-Professional Employes Association have reached a tentative agreement on a contract for next year. Formal ratification of the agreement is expected by the Board next Tuesday.

Annual per capita consumption of beef in Australia and New Zealand is 110 to 130 pounds, according to the Encyclopaedia Britannica.

SISTER MARIA De Lourdes operates the new laboratory equipment donated by the Delta County Cancer Society to assist in the detection of cancer. (Daily Press Photos)

Gift To Hospital:

Laboratory Gets New Equipment

Laboratory equipment which will be of benefit in the detection of cancer has been installed in the laboratory at St. Francis Hospital, the gift of the Delta County Cancer Society.

Besides the new equipment, the laboratory has a new clinical technician, Sister M. Generosa, who with Sister Maria De Lourdes are employed in the laboratory. The additional staff member was recommended by the Hospital Accrediting Committee.

Both are registered with the American Society of Clinical Pathologists.

Sister M. Generosa is a 1942 graduate of Marquette University, Milwaukee, with a BS degree in Medical Technology. She interned at Peoria where she has been until assignment to Escanaba.

She is a specialist in bacteriology and taught that subject to medical technician students.

The use of the laboratory equipment donated by the Delta County Cancer Society is explained thus:

Human blood serum contains a series of proteins which can be separated by high voltage electric current under specific conditions.

The apparatus purchased for St. Francis Hospital by the Delta County Cancer Society permits doing this.

By analysis of the several diferent fractions of protein, several diseases (including some cancers) can be detected by use of this equipment. Analysis of serum by means of similar apparatus is being done in most of the larger hospitals throughout the country, and the addition of this procedure to the services available at the St. Francis Hospital laboratory represents a significant development in the services offered to the physicians of the county.

The quality of medicine cannot improve significantly unless such services are expanded and approved, it was noted.

For this reason, the pathologist, laboratory, and hospital are pleased to make this service available through the cooperation of the Delta County Cancer Society, it was announced.

Sister M. Generosa

Al Houle, 314 S. 8th St., is a patient at St. Francis Hospital and is allowed visitors. His room number is 361.

Mrs. Florence Desmond was admitted to St. Francis Hospital, Saturday, July 2, with pneumonia. She is now allowed visitors. Her room No. is 216.

Jo Ann DeMarse, 20, Bark River, Dies In Kansas

Jo Ann DeMarse, 20, Bark River, injured in an auto accident, July 2 in Kansas City, died this morning at 12:20 a.m. at the U. of Kansas Medical Center in Kansas City.

She was born June 21, 1946, in Schaffer and was a life-long resident of Bark River. She was a member of St. George's Church and a 1964 graduate of Bark River-Harris High School. She was employed at Harnischfeger Corp. in Escanaba.

Surviving are her parents, Mr. and Mrs. Clarence DeMarse and two brothers, Ronald and Richard.

Her body was taken to the Boyle Funeral Chapel in Bark River where funeral arrangements are incomplete.

Lack Clues To Missing Women

CHESTERTON, Ind. (AP) — The search for three young Illinois women missing since they came to Indiana Dunes State Park on a picnic six days ago widened today.

Divers hunted in Lake Michigan about 400 yards off the park's main beach. Police and volunteers searched summer cottages in a 10-mile strip west of the park. Bloodhounds brought from Valparaiso also hunted for the missing women.

No trace of Ann Miller, 22, Lombard; Patricia Blough, 19, Westchester, or Mrs. Jeffrey Bruhl, 21, Chicago, has been found since they parked their car in the dunes lot last Saturday and spread blankets on the sand for a day of sunbathing and swimming.

Two State Police divers and four volunteers from Gary began searching the lake Thursday after three Michigan City youths told authorities three girls rejected an invitation for a speedboat ride. The boys, who were not named, identified photographs of the missing women. They said they last saw the women standing neck deep in water 200 or more feet east of the lifeguard post at the park.

Argyle Spray Danger Eased

ARGYLE, Minn. (AP) — About 100 persons returned to their homes in this northwestern Minnesota community Thursday night after authorities said the danger caused by an accidental spraying of the village with a poisonous chemical had eased.

Between 300 and 350 residents fled their homes late Wednesday night when it was learned that parathion — potentially a lethal poison — had been used in an aerial spraying operation instead of a milder insecticide.

An airplane made three passes over the town on a mosquito-spraying flight before the mixup in chemicals was discovered, authorities said.

No ill effects from the chemical were reported, other than a few cases of nausea. An emergency supply of atrophine — an antidote for parathion — was flown in Thursday.

Health officials also discovered Thursday that the concentration of parathion was less than first feared.

The Weather Bureau forecast a slight chance of rain today. Chances of rain were greater for tonight and Saturday morning.

"A good rain would wash it all out," said Dr. C. H. Holstrom, Marshall County health officer.

Volunteer firemen manned hoses Thursday to wash the poisonous chemical from streets and vegetation, and homeowners scrubbed their property.

Most businesses in this community of 800 were closed Thursday.

Briefly Told

Emil P. Kralovetz, Carney Rte. 1, received a ticket for speeding from Escanaba police.

St. Thomas Church parishioners are asked to attend an important meeting at the church at 8 p.m. Saturday.

Golden Age Club will hold its annual picnic at 12 noon, Sunday, July 10 at Pulaski Park, Bark River. Ham, coffee and ice cream will be furnished by the club. Members attending should furnish their own table service. Anyone needing a ride may contact Joe Wery at ST6-3001.

Two boys, 14 and 15 years old, were referred to juvenile court authorities after they were apprehended with a car which had been stolen from the U.P. State Fairgrounds. The car had been parked by its owner, James Christie, Escanaba Rte. 1, and was reported stolen Thursday. The car was recovered at Danforth.

Ambulance Bills Up To County, Council Advises

Mayor Harold Vanlerberghe and the Escanaba City Council indicated Thursday night they are not in favor of being taken for a ride — in the efforts of City Ambulance Service to collect unpaid bills.

But they will make an effort to cooperate if City Ambulance Service directs its request for payment to the County Board of Supervisors.

The Council in meeting Thursday night had a letter from James Schwalbach, proprietor of City Ambulance Service, which they said they regarded as a "threat."

"It seems that there is no way I can be assured of payment for most of your Police calls, so as of this letter I am no longer accepting Escanaba City Police calls unless I can be assured of payment at once, or a contract of some kind can be adopted within the next week," Schwalbach advised the Council.

Bills To County

The Council said it considered the letter a "threat" and that perhaps the city or hospital should explore the possibility of establishing ambulance service.

City Manager George Harvey said that City Ambulance Service has submitted no bills to the city in the past year; and Mayor Vanlerberghe, who is chairman of the Delta County Board of Supervisors' finance committee, said there is an arrangement with City Ambulance Service to submit uncollected bills to the County Board.

The controversy appeared to have been smoothed out today, said both Mayor Vanlerberghe and Schwalbach.

"I think we got the thing straightened out," said Schwalbach today after a telephone conversation with the Mayor.

"I told him to send the bills to the County," Mayor Vanlerberghe said. "If they are legitimate bills and they cannot be collected, they will be paid. This has been the policy and will continue to be. If there should be a bill for which the city is liable, it would be referred to the city."

Service Praised

The prosecuting attorney of the county examines the bills and makes an effort to collect, and even after the county pays those that are unpaid by the user of the service, the effort to collect from the family or the estate continues.

The finance committee of the County Board of Supervisors will meet next Wednesday and Schwalbach was advised to present his bills to the county by that date.

Mayor Vanlerberghe was generous in his praise of the efficiency of the City Ambulance Service and its modern equipment.

"This man is entitled to pay for his services," said the Mayor. "But when somebody falls off a bar stool and has to be taken to the hospital by ambulance, they should pay for it — not the people of Escanaba."

In other business the Council heard City Manager Harvey report that 3rd Ave. S. near the new area Public High School will be paved after storm drainage and curbing is installed. Paving is scheduled this year.

Councilman George Rusch, at the request of the Council, will continue as a member of the Community School program committee. As former mayor he is familiar with the project.

The improved lighting of Lake Shore Drive in the Sylvan Point area is included in the capital improvement program and will be accomplished within the next year or so, the city manager reported.

Police Hold Boy In Girl's Death In Detroit Home

DETROIT (AP) — A 4-year-old girl was assaulted and beaten to death in the basement of her Detroit home Thursday.

Police today held a 16-year-old neighbor boy in connection with the killing. Officers withheld the youth's identity.

The body of little Patty Sletten was found by her mother, Mrs. Doulgas Sletten, moments after the attack.

The girl, youngest of nine children ranging in age to 15, apparently was killed by a blow to the head with a brick, said Inspector Robert Grindle of the Detroit Police Homicide Bureau. Officers said a blood-stained brick was found near the body. The child's body was lying in the coal bin next to the laundry rooom.

The 31-year-old mother said she noticed during a trip to the basement that a clothes dryer was unplugged. She went upstairs to tell her husband, Douglas, 40, a former construction worker who has been unemployed since he lost his right leg in a boating accident last year.

Mrs. Sletten returned to the basement accompanied by another daughter, Charlotte, 13.

The mother said she saw a young boy flee from the basement. She sent Charlie upstairs and, seconds later, screamed and carried the body upstairs.

Edwin Booth, noted actor was born Nov. 13, 1833.

Extension Is Changing

Dean Thomas Cowden of the College of Agriculture of Michigan State University led a team of MSU Extension officials in the Upper Peninsula recently to wind up a statewide tour that is a preface to changes in the Extension program.

Extension is a projection of campus teaching out into the state. It has been carried by county agents—mostly agricultural agents—for a half century and it has done incalculable good for the Upper Peninsula.

Because its main orientation has been toward agriculture and because agriculture is changing so much, Extension must trim its sails and set some new courses of aid to the area and it is in the process of doing this. The state tour of the MSU leaders was a step in this process. Rural leaders were asked what their new needs are.

They weren't very vocal in the U.P. meetings, but local Extension workers know the picture and there's no mystery about need areas that MSU and the other universities and colleges can help.

* * *

MSU has a public image of new interests—and suspected priorities on law school, (nixed by the Legislature for the time being), the new Institute of Human Medicine, science on campus, and the East Lansing plant, but Dean Cowden said that MSU hasn't de-emphasized agriculture and he should certainly know. The Ag College in the past year has got, or is getting, 12 new facilities. And provision of food may not be as glamorous as space science, but no one has invented a substitute for eating.

Agriculture is unhappy at present because our farmers get less return for their investments and skills than people in other callings. This isn't apt to continue but the future is uncertain because it is not controlled by our ability to produce food, but rather by our national policy on distribution of it in a hungry world. And this cannot be known yet.

* * *

The American ability to produce food is one of our greatest national strengths. It is a thing which Russia, for instance, has never been able to accomplish. How the world will relate its hunger to America's breadbasket isn't clear yet, but it could have an enormous effect on U.S. agriculture; could change the poorly paid farmer into a class with a new status and enlarged income. Already the old bugaboo crop surpluses are gone and changes are shaping.

Dean Cowden doesn't expect international markets to solve all American agricultural problems quickly, but he does expect a more favorable national attitude toward the American farmer and a realization of what he has contributed to national affluence.

* * *

In the U.P., farming has slipped in number of farms but increased its income in its best farming areas and kept a potential for growth. If MSU is going to be fully useful to the development of the U.P. with its huge resources of educational and scientific skills, however, its interest must transcend agriculture. This is the view of Cowden & Co., too, and they find the change isn't an easy one for a system so long and so strongly oriented toward agriculture.

Their new aim is to help organize the U.P. for its role in a world that is expected to double in population in the next 35 years. They would do this by trying to organize all the resources of the area to provide the most for its people and here MSU is uniquely qualified because of its resource orientation. There's been a trend this way, of course. A dozen fishing worms may be worth more than a dozen eggs. The most exciting and elastic new element in U.P. land values is not their potential for food production, but their recreational worth.

* * *

The natural resource agent is taking the place of the old "agricultural agent." All Extension agents are more footloose today and more specialists in development are on tap.

MSU is setting a new course in resource development. It was the midwife for UPCAP (Upper Peninsula Committee for Area Progress) but it chose not to have a voting role in its control. More recently it has indicated increased interest in UPCAP, which is working in many fields which were once its own and for which it has special talents. It is making its Extension people in the counties available to UPCAP.

* * *

New elements in the picture are the Upper Peninsula's own universities, which are expanding their services and extensions. They do not, however, have a competency in some of MSU's prime interests, like agriculture, where the land grant schools are supreme. The new need becomes one of fitting all these services into an effective grid for the Upper Peninsula, without overlapping, but especially without gaps.

Our problems are the most complex we've faced, but the resources with which to meet them are unprecedentedly large and effective.

Beauty Is in the Eye of the Beholder

O'Hara Proposes New Peace Effort

Would Sub Law For Bombs

Justice Michael D. O'Hara of the Michigan Supreme Court told the Commercial Law League in an address on Mackinac Island in the weekend that the international balance of power has been replaced by a balance of terror and that it is time to explore the possibilities of using international law as a substitute for war as an instrument of world policy.

An ex-U. S. Marine officer, Justice O'Hara said "It is hardly unpatriotic, nor does it speak a philosophy of futility to say that the great contending international political forces of today are at a military stand-off. War, as an instrument of adjudication of international controversy (in an atomic age) is no longer available to us. The inquiry becomes: What can we substitute.

"A world rule of law through courts of international composition, represents the only possibility. Distrust, nationalism and the concept of force-maintainable sovereignty are its built-in barriers.

"The people of the world are not ready for disarmament. I am hardly naive enough to think that a world court could presently enjoin Communist China or mandamus the Viet Cong.

"If then—there can be no enforcement; why the court, why the decree? I cherish a dream that bar groups would sponsor a student interchange program which might bring future lawyers from both communist and democratic ideoloties together at a time when curiosity and vision of youth were not yet tarnished with the accepticism that often attends maturity.

"All I hope for is a crack in the door. If an actual shooting controversy could be stopped and made the subject of judicial determination, and the participants and their mighty sponsors would accept the judgment and verdict, what an indescribably significance day it would be for humanity.

"How grim, how hopeless, how insoluble the lash-up in Viet Nam looks. Men of good conscience and strong conviction are hurling imprecations at one another in the executive and legislative branches of our own government. The world press and world public opinion are agonizingly divided.

"To think of judicial determination seems utterly unrealistic. Yet what's to be lost by trying and what are the alternatives: escalation, -ment, blockade, a negotiated peace diplomatically. Their past record is unimpressive.

"The question is: how much sovereignty would an involved nation risk by precommitment to abide by judicial disposition and would the court accept jurisdiction? Assuming we made the offer, unreservedly, is there influence enough in world opinion to force action; to smoke out the real positions of the parties to the controversy? Or must we revert to the traditional nationalism that has sentenced the world to brief interludes of uneasy peace between the agonies of recurring wars?

"It civilization totters on catastrophe is it madness to think it worth a try?"

Letters To The Press

Contributions are welcome. They cannot be over 300 words and must be signed with name, address and phone number of writer and names will be used. The right to condense letters is reserved.

PARKING

I have read both of Mr. Gravelle's letters to the Press and I fail to see the points of either.

As far as I could deduce, the first letter asked the officials why and how the City of Escanaba planned to add more parking space in downtown Escanaba.

I think that the reasons why we need more parking space should be obvious to most Escanabans by now. All who have tried to find a parking place near the downtown area on a Friday night or on a busy day undoubtedly know what I mean.

As to how the city plans to add more parking space—well, I think that the photo which appeared in the Press answered that question well enough. I would imagine that the proposed lots would be financed in the same manner as all other citywide improvements—through tax money.

In the second letter, I read that "walking does a person good." In the same letter, Mr. Gravelle expresses concern over the fact that "the people who live outside the city limits" cannot find parking space! Already we have one group for whom the "walking" solution just won't work. If we add to our list the elderly, those who have a lot of packages to carry, and the tourists who are just passing through, I think we will have categorized 90 per cent of those who shop downtown!

Obviously the city has a case and Mr. Gravelle does not. We do need more parking space. And the sooner we get that space, the better it will be for our business district and, ultimately, for all of the residents of Escanaba.

Castro Fete

MIAMI, Fla. (AP) — The 13th anniversary celebration of the start of Fidel Castro's revolution will be held in Havana July 26, the Cuban radio said.

Seeking Help On Bills

By BRUCE BIOSSAT

WASHINGTON — (NEA) — When President Johnson recently entertained members of the guiding council of the June 1-2 White House Conference on Civil Rights, he led them off for an hour-long private chat which some participants found fascinating.

The full council consists of 29 leaders representing the top Negro organizations, business, labor, education and other pertinent fields. It drafted the major civil rights recommendations which the conference acted on weeks ago.

Only about half the council members were able to accept the President's social invitation. The rest were distracted by other demands on their time. Martin Luther King Jr. and CORE Director Floyd McKissick were deeply involved in the final phase of the Mississippi March.

After voicing thanks to council and staff in the social setting of the White House state dining room, Johnson beckoned them away for a private talk.

At first there was more conversation about the council's own work—and the critical racial problem still confronting the nation. But then the President began to range far and wide.

He dwelt upon the war in Viet Nam at some length. At least one participant came away with the impression that the President intends no letup, that indeed there might be some further intensification of the war in the months ahead.

Other aspects of foreign affairs were touched upon. What some members thought most intriguing, however, was the President's comment on the present state of his relations with Congress.

He told his guests that the present session of Congress has approved about 60 of the 90 or more bills he considers his 1966 "must" legislation. But, he added, the proposals not yet acted on include the most important, such as the new civil rights proposals embracing fair housing provisions and the 'demonstration cities' measture.

Much of the key legislation still pending he linked closely with advancement of the Negro's cause. Examples: More money for education and poverty programs.

At this point the President came to what seemed his principal thesis. He appealed strongly to his listeners to do what they could to help persuade Congress to approve his 30-odd must bills. His own relations with Congress, he said, have gone downhill in the past year.

He indicated he thought those relations had been excellent until he began pushing the lawmakers too hard at the last stages of the history-making 1965 session which produced a mountain of Great Society measures. Specifically, he suggested his pressure for home rule for the District of Columbia was the downward turning point.

Since then, he contended, it has been harder and harder for him to get results every time he asks Congress for action. Some lawmakers who should be with him no longer are.

That was about it, except that the President promised some more major Negro appointments in the federal establishment, including a real surprise or two.

Somewhere in the course of the evening, Attorney General Nicholas Katzenbach, presumably on Johnson's orders, called King in Mississippi. It was understood the purpose was to cue him in on things—and thank him for serving on the council.

Later, the well-briefed council members assembled on their own to go over the draft of their final conference report to the President, which they will shortly submit. It should be in his hands before July 15.

Still to be decided, by the President himself, is what new dramatic White House move ought to accompany his acceptance of that report. No one associated with conference endeavors wants it to be simply filed and forgotten. The explosive Negro mood in the country is believed to require much more than that.

The Doctor Says:

Gum Problems Can Be Prevented

By Dr. Wayne G. Brandstadt

"You've got to get an air hammer to clean the children's teeth. What's the name of that disease? They'll all have it, every single one, of you don't get an air hammer."

One day last week it would have been handy to have an air hammer to remove barnacles of tartar, and stain, from teeth of a patient who was scheduled to appear the next day before a Congressional committee. He wanted to look his best in front of the television cameras.

It's perfectly sensible to remove stained, crusty deposits to make teeth look better, but the major reason for doing so is prevention of periodontal disease, or at least reducing its incidence and effects. P. D. is the cause of greatest tooth loss in our population — after age 45 nearly eight of every 10 teeth extracted are because of it.

P. D. may begin innocently enough with mild inflammation of gums around necks of teeth, redness and swelling and bleeding of gums between teeth. This may be a telltale sign and should not be ignored.

Later it progresses to infection of supporting structures of teeth, involving deeper layers of soft tissues and bone, finally loosening teeth beyond saving.

Signs of P. D. sometimes appear in young people, but it occurs most frequently in the mature population, tending to increase in severity as we get older.

But early loss of teeth is not your natural destiny. You don't have to sit around and wait for them to fall out. If someone said to you, "You can save your teeth for many more years — maybe a lifetime," wouldn't you jump at the chance?

Then why don't you? You have that chance. Go to your dentist. He can quickly tell by examination and X-ray if you have P. D. and he can help you.

Mouth cleanliness is also of vital importance: frequent and regular dental prophylaxis and brushing after every meal. Most gum troubles can be prevented in this simple way.

Questions And Answers

Q—How did the Western Hemisphere come to be called America?

A—America was named for Amerigo Vespucci, an Italian reputed to have made four voyages to the New World for Spain. The German geographer Martin Waldseemuller, first used the name to honor Vespucci in a book published in 1507.

* * *

Q—What does the name Panama mean?

A—It comes from an old Indian word, which means "fisherman" or "plenty of fish."

Ann Landers

Attitude Caught, Not Taught By Parents

Dear Ann Landers: I just overheard a telephone conversation which disturbed me. I am not an eavesdropper and our son, who is in the 7th grade, made no attempt to keep his comments private.

In a 10-minute phone call with a friend, Phillip made negative comments about six people. I counted them. I believe I know why Phillip is like this.

The minute his father gets into the car he begins to criticize every driver who passes him. He grumbles about the condition of the streets, the attitude of the police officer. He finds fault with the car and cusses out the manufacturer.

Every time we leave church he criticized the pastor, runs down the choir, and has a few knocks for the family seated ahead of us.

Is it possible that Phillip has picked up his critical attitude from his father? — MIGRAINE

Dear Migraine: Not only is it possible, it's extremely likely.

Children are imitators. They take on the values, concepts, character traits and, yes — even the mannerisms — of their parents.

Ideas and attitude are contagious. They are Caught — not TAUGHT. Parents should always be sharply aware that they are setting examples for their children every living minute of the day. Many of the unattractive qualities that parents dislike in their children are the very ones their children learned from them.

* * *

Dear Ann Landers: I have a married daughter who calls her mother-in-law "Mother" and her father-in-law "Daddy." She calls me "Mom."

My husband died a few years ago, and it tears me up when I hear my daughter call her father-in-law "Daddy." I feel that "Daddy" is a very special name, and that it should be reserved only for a blood father. Also, every time I hear my daughter call her mother-in-law "Mother" I get a pain in my heart. I am her mother, not that other woman.

Don't you feel that out of respect for me and the memory of her blood father, my daughter should call her in-laws "Mother and Daddy Jones"?—SHOVED INTO THE BACKGROUND

Dear Shoved: It is apparent that you are hotly competitive with your daughter's in-laws and I hope you will change your tune before your daughter stops calling you, period. The manner in which married children address their in-laws is a fairly good clue as to how they feel about them. Obviously, your daughter is fond of hers and you should be pleased—not envious.

* * *

Dear Ann Landers: Our neighbor's 14-year-old daughter is keeping company with a 28-year-old man. The girl's mother is extremely proud of the courtship and talks about it constantly.

The man has never been married and is notorious for his affairs with woman of poor reputation. Will you tell me, please, what would a 28-year-old man talk to a 14-year-old girl about.

My husband says, "Mind your own business," but I'd like to tell the girl's mother that she is making a big mistake. What do you say? — N.C. READER

Dear Reader: Your husband gave you excellent advice. Take it.

Women who encourage their young daughters to go with older men are trying to relive their own girlhood. This is a sick thing and you cannot help her. She needs therapy.

As for your "talk" question—I doubt that he is interested in her conversation.

* * *

To solve some of the frustrations, disappointments and disillusionments of married life, send for Ann Landers' booklet "What To Expect From Marriage," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Women's Activities

MR. AND MRS. James Roderick Kittner of Escanaba, Michigan announce the engagement of their daughter, Patricia Jean, to Mr. Jerry Lee Eskew, son of Mr. and Mrs. Rudolph Eskew of Birmingham, Michigan. Miss Kittner is a 1966 graduate of the Escanaba Area High School. At present she is attending the College of Medical Technology, Minneapolis, Minn. Her fiance is a graduate of Ernest W. Seahalm High School, Birmingham, Mich. He has studied for two and one half years at Northern Michigan University and at present he is attending the University of Minnesota working for his degree in the Certified Public Accounting Field. (Lee's Studio)

St. Joseph Class Marks 25 Years

Fifty-four members of the St. Joseph's High School Class of 1941 celebrated their 25th anniversary reunion last Saturday. A reunion Mass in St. Joseph's Church began the celebration, which was concluded with a dinner and program at the Dells Supper Club.

Members of the class attended from as far away as North Hollywood, Calif., the home of Mrs. John Cleary (Nancy Coon). Others from a distance were Mr. and Mrs. Robert Cool (Rita DeRouin), Cicero, Ill.; Mr. and Mrs. James McNicoll (Mary Loeffler), Green Bay; Mr. and Mrs. Harry Bagley (Lucille St. Cyr), Milwaukee; Mr. and Mrs. Donald G. Anderson, Merrill, Wis.; Mr. and Mrs. James Baker, Glenview, Ill.; Mr. and Mrs. James D. Sandborn, Mequon, Wis.

From the U.P. came Mr. and Mrs. Earl Gustafson (Ruby Kroll), Carney; Mr. and Mrs. Stanley Lundquist (Jean Casey), Wells; Joyce LeClaire Cass and Mr. and Mrs. Carlton Mineau (Helen Jean Menard), Gladstone; Henry C. Hughes, Flat Rock; Mr. and Mrs. Raymond Knauf, Newberry; Mr. and Mrs. Robert LeGault, Munising. Mr. and Mrs. John LaBrie of Bay View also attended. He was a member of the class.

Escanaba residents attending were Mr. and Mrs. Elmer Bonifas (Edith Ammel), Mr. and Mrs. Joseph Kroll (Aileen Bink), Mr. and Mrs. Roy Schmit (Anna Mae Gallagher), Mr. and Mrs. Donald McMillan (Dorothy Groos), Miss Margaret Sayklly, Mr. and Mrs. Robert Osier (Kathryn Skradski), Mr. and Mrs. Joseph W. Richards (Kathleen Shomin), Mr. and Mrs. Fern Dupey (Beverly Walker), Mr. and Mrs. Leyon Opolka (Ida Mae Waterspank), James Botrow, Mr. and Mrs. Francis Feldhausen, David Gauthier, Mr. and Mrs. John Moras, and Mr. and Mrs. Joseph L. Young. Mr. and Mrs. Raymond Knauf (Margaret Bink) and Mr. and Mrs. Stephen Fraddo (Estelle Messier) were the only two couples who were both class members.

Letters were received from Sister egine S.S.N.D., the former Monica Collins, now of St. Mary's Convent, Menasha, Wis., and from Fredrick J. Hirn, Wausau, Wis., both class members. A letter from Coach Carl Kant, now of Green Bay, was also much appreciated.

A floral centerpiece flanked by twisted green candles graced the head table at the dinner. Raymond Knauf was master of ceremonies. Small boxes of Saykllys' candy at each place and dishes of mints were donated by Margaret Saykly. Each class member also received a souvenir gift.

Awards went to: Nancy Coon Cleary, attending from the greatest distance; Mary Loeffler McNicoll, married most recently; Dave Gauthier, least hair in the men's department; Kathryn Skradski Osier, most grey hair in the girls' department; Henry Hughes, youngest child and most children (10); Jean Casey Lundquist, only set of twins; Bev Walker Dupey, married longest; and John Moras, oldest grandchild.

The reunion committee was composed of Edith Bonifas, Estelle Fraddo, Aileen Kroll, Anna Mae Schmit, Kathleen Richards, Katheryn Osier and Margaret Saykly.

I.L.C.W. Regular Meeting Has Ethiopian Flavor

The women of Immanuel Lutheran held their regular monthly meeting at the church at 2 o'clock, July 7. The program was under the direction of the Nigeria unit. The Brazil unit acted as hostesses.

Mrs. Roger Patrow presented the woman's side of Ethiopia—which included slides of the country and of the missionary families serving there. She wore the Ethiopian Sunday apparel to better illustrate their mode of dress. During the course of her talk, Mrs. Patrow demonstrated the method of cooking and serving injerra and wat, which is a combination dish, a favorite in homes all over Ethiopia.

Special music for the program consisted of a vocal duet by Mrs. Gerald Olson and Lola Gerdeen accompanied by Mrs. Clarence Gerdeen.

Plans were made for the next meeting which will be a congregational picnic at Pioneer Trail Park on August 4.

hints from Heloise

LETTER OF LAUGHTER

Dear Heloise:

I have been making up my own frozen dinners for several months now.

Out of this idea something else has evolved

I am losing weight, much to my delight!

No seconds on the table to reach for, and soon the old appetite trims down, too!

Margaret Beevers

Dear Gals:

Know those plastic hair curlers with clamp - style tubes that fit over them?

Instead of pulling the clamp off the roller before setting your hair, just put your finger inside the roller and pull it out from one end.

Saves temper, fingernails and time when it comes hair-rolling-up time. Besides, it doesn't stretch the clamps, and they last longer and hold better.

They're a smash! If your clamps are sprung, put them in a pan of hot faucet water, let set a few minutes, then squeeze back into shape.

They tighten up beautifully.

Heloise

* * *

Dear Heloise:

So often I have heard persons who have had a home fire loss comment that a most prized possession, the family picture album, was gone forever.

To safeguard our family against such a misfortune, each time I have good snapshots made, I send the labeled folder of negatives to my Mother.

She keeps them filed so that at any time I can have copies made of my original pictures.

* * *

Dear Heloise:

The plastic pill bottles with lids are good for holding pins, needles, bobbie pins, keeping matches dry outdoors when camping or fishing, and storing fish hooks, weights and flies.

Shirley Umsted

* * *

Dear Heloise:

I have found a way to brighten up those dull flower pots.

Whe I was watering my indoor plants I had a brainstorm I tried waxing a pot(with floor polish) and it worked. The pot brightened up so I did the rest of them.

The terra-cotta flower pots looked best.

Martha Lussier

MRS. RICHARD BRAZEAU was married July 2 at St. Patrick's Church in Escanaba. She is the former Lois Jerow. After a wedding trip of undisclosed destination, they will make their home in Marquette. Both are graduates of Escanaba Area High School. (Gordon Nelson)

Personals

Mr. and Mrs. C. H. Sawdon and family of Pompano Beach, Florida, are visiting with Mrs. Sawdon's parents, Mr. and Mrs. Tom Tousignant, 517 S. 10th St. Also visiting is Donald Tousignant, their son, who is from Hyattsville, Md., where he is employed by the Department of Agriculture.

Mrs. Tony Hunt and infant son of Milwaukee is visiting at the home of her grandmother, Mrs. Elmer Stacy and with her mother Mrs. May Brazeau, 1013 4th Ave. S.

Country Club German Dinner Set July 13

Gladstone News

Gladstone Man Pays Fine For Drunk Driving

One man was found guilty by jury of drunk driving Thursday and trial was set for another by Justice Ross Davis of Gladstone.

Albert M. Couillard, 52, of 215 Wisconsin Ave., was fined $75 and assessed court costs of $13.55 after the jury returned a guilty verdict. His driver's license was automatically suspended. Couillard was arrested by State Police May 28.

Arraigned also on a drunk driving charge by State Police was Orville Larscheid, 33, of Ensign. He pleaded innocent and was released on $200 bond. Trial was set for Friday, July 15.

State Police said Larscheid was arrested at 2:15 a.m. Thursday after a chase at speeds up to 100 miles per hour on U.S. 2 near Ensign. Troopers said Larscheid was observed driving erratically.

Heitman Elected Brampton School Board President

Ernest Heitman was elected president of the Brampton Township School Board at the reorganization meeting held recently. Heitman was elected to fill the unexpired term of Gordon Hutte who resigned during his term as president of the board.

Other officers elected are Josephine Ducheny, vice president, Walter Palmquist, treasurer, Walter VanDeWeghe, secretary and Raymond Tackman, trustee.

Teachers have all been rehired at the Brampton Township School with the exception of Mrs. Inez Lindberg who has resigned after teaching in the system for 19 years. Mrs. Lindberg will join the Escanaba Area System and will teach at the Cornell school. A replacement has not as yet been procured.

Church Events

The Rev. Clifford DeVore, pastor of Memorial Methodist Church, has announced a change in the summer schedule of church services. Morning Worship will be held each Sunday throughout the summer at 9:45 a. m. The official board of the church voted to hold one service at 9:45 a. m. in place of the two services previously scheduled at 8 and 10:45 a. m.

A dash of cayenne can give spirit to homemade mayonnaise. If you like, you can also add a dash of the pepper to commercial mayonnaise; this combination is particularly good in seafood salads.

Church Events

Congregational Church

A smorgasbord picnic will be given by Congregational Church of Fayette, Sunday, July 10. This annual picnic will be held at the church grounds, serving from 12 to 2 p. m. Everyone is welcome.

Mrs. Ruth Possi Honored At Party

Mrs. Ruth Possi was honored on her 39th birthday with a surprise party.

Entertainment was furnished by Mrs. Lily Ann Sauve. Cards were played, after which Mrs. Possi pleasantly entertained her guests with her fortune telling talents.

Hostesses were Mrs. Lynn Kositzke and Mrs. Donna Mae Whitman. Also present were Mrs. Pat Shomin, Mrs. Bette Samuelson, Mrs. Judi Possi and Miss Janice Possi.

Ruth was presented with many lovely gifts, among them, a long stemmed red rose in honor of the occasion.

Lunch was served from a table centered with a birthday cake made by Mrs. Lynn Kositzke. Mrs. Possi poured.

Perkins

Mr. and Mrs. William Collins and daughter are spending several days with Mr. Collin's mother, Mrs. Lola Collins. While here, Mr. Collins will attend his high school reunion in Gladstone. Before returning to teir home in Milwaukee, they will travel to Lansing to visit Mr. Collin's sister, Mrs. Wilma Harkness.

Karen Smith is home for the holidays from Chicago, where she is employed. Accompanying er are Mr. and Mrs. Joe Deereamer, who will visit with their son, Jamse and his family. Karen is the daughter of Mr. and Mrs. Don Smith.

Mr. and Mrs. Wilbur Demeuse and daughter, Julie, are spending the weekend with his son, Don Smith, and family.

Mr. and Mrs. Walter Anderson and family are visiting at the home of Mr. and Mrs. Alvin Anderson.

ANNOUNCEMENT is made by Mr. and Mrs. Leo D. Erickson of Kingsford of the engagement of their daughter, Sherry Lee, to Richard H. Dubord, son of Mrs. Janet Dubord, 1213 3rd Ave. S., Escanaba. The bride-elect is a 1964 graduate of Kingsford High School and her fiance is a 1962 graduate of Holy Name High School. Both young people are employed in Appleton. A fall wedding is being planned.

Garden Peninsula

Larry Lundell, Superintendent of Garden township schools announced today that there will be a story hour and an hour of fun, working with clay, waterpaints and plaster paris for all children of the Garden Peninsula. The story and fun hours will be from 9 to 11 every Monday and Thursday morning in the Garden Community Library building. Miss Paulette Guertin, a graduate of Garden and a future student at Northern Michigan University will be in charge of the program. A program like this will be successful only if we have the cooperation of the parents.

Schol Board meeting to be held Monday July 11. The bids which have been submitted for the A-frame cabin will be opened.

A reorganization meeting of the Garden school board was held at the Garden school Tuesday, July 5. Holding their former offices are Louis Guertin, president, Marian Cota, secretary, treasurer, Charles Rasmussen, formerly held by Mary Bishop, and Trustees Dale Watchorn, Dale Carley, Howard Pelletier. Application for absentee voters for the July 25 election may be filed up to 2 p. m. the day before the election (unless emergency absence occurs) at the home of Mrs. Marian Cota.

Births

PIETRZAK — Mr. and Mrs. James Pietrzak, Milwaukee, are the parents of a boy, James William, born July 4. The infant weighed 8 pounds, 5 ounces. Mrs. Pietrzak is the former Pat Poquette of Wells.

HANSEN — Mr. and Mrs. Donald Hansen of Milwaukee are the parents of a daughter, born July 7. The baby, third child in the family, weighed seven pounds and 10 ounces at birth. The paternal grandmother is Mrs. Cecelia Hansen of 1109 7th Ave. S., Escanaba.

Wells

Mr. and Mrs. Ed Wigand returned yesterday after visiting their daughter and family, Mr. and Mrs. Robert Schils of Bloomington, Minn.

Susan Beauchamp, daughter of Mr. and Mrs. Tom Beauchamp is a surgical patient at St. Francis Hospital. Also hospitalized are Bille Engdahl for appendicitis and Donald Casey for a broken arm.

Mr. and Mrs. Tom McDonaugh and family of Illinois are visiting her sister and family, Mr. and Mrs. Robert Plave.

Mr. and Mrs. Bob LaMarch are visiting her mother, Mrs. Charles Longtine and are sperding some time at their cottage on Corner Lake.

Lester Noel is a surgical patient at St. Francis Hospital.

Boy Scout Troop 407, under the leadership of Tom Carmody, are spending this week at Camp Red Buck.

Mr. and Mrs. Dave Gorski and family of Franklin, Wis., are spending the holidays visiting her father, Mr. and Mrs. Gilbert Pilon and her sisters and family, Mr. and Mrs. Ed Terres and Mr. and Mrs. Tom Carmody. Also visiting Mr. Pilon was another daughter, Mr. and Mrs. Al Lancour and Linda of Milwaukee, Wis.

Mr. and Mrs. Alfred Pilon of Saginaw visited over the holidays with his brother, Mr. and Mrs. Gilbert Pilon.

Why The Christian Science Monitor recommends you read your local newspaper

Your local newspaper is a wide-range newspaper with many features. Its emphasis is on local news. It also reports the major national and international news.

THE MONITOR COMPLEMENTS YOUR LOCAL PAPER

We specialize in analyzing and interpreting the important national and international news. Our intention is to bring the news into sharper focus. The Monitor has a world-wide staff of correspondents — some of them rank among the world's finest. And the Monitor's incisive, provocative editorials are followed just as closely by the men on Capitol Hill as they are by the intelligent, concerned adult on Main Street.

WHY YOU SHOULD TRY THE MONITOR

You probably know the Monitor's professional reputation as one of the world's finest newspapers. Try the Monitor: see how it will take you above the average newspaper reader. Just fill out the coupon below.

Summer Theatre Fare Is Good; Child Play Set

"Young Ben Franklin," a children's play written by Miss Faye Parker and presented in Lincoln Theatre, New York and Goodman Theatre in Chicago, is in rehearsal here under direction of Miss Parker for presentation by a professional cast July 12-17 in Manistique High School auditorium.

John Kozek, who has been with Miss Parker's children's theatre in Pittsburgh 12 years plays the role of Young Ben. Molly Mitchell one of three children ofthe author, is cast as Abbie Franklin and Sean Monohan as James Franklin, Ben's publisher brother.

Joni Kaye, who is doing an excellent job in the role of Lady Isabelle here in the Sawmill Playhouse production of East Lynne will portray Nan, Jame's wife.

Tom Smith, who plays opposite Miss Kaye as Archibald Caryle in East Lynne will portray Postmaster Musgrave. He is a hardworking actor-director who brings a polished production to the stage.

Capt. Pierre Papillon will be the role of Hugh Gilmour, Feathergill will be portrayed by Melvin Frankel and Sergeant Collins by Robert Hamilton.

Tom Smith is producer for the play, which has been endorsed by the American Educational Theatre Assn. as fine drama and authentic history.

"Live theatre provides youngsters with a dimensional experience and gives them a clearer understanding of other places, other people, other times," said Miss Parker.

"We hope that parents will bring their children and enjoy an evening of family fun."

Hospital Auxiliary Plans Book Sale

The Auxiliary of Schoolcraft Memorial Hospital will hold its annual book sale July 12-15. An exceptionally good selection of books has been received. The sale will be in Ford garage, with Mrs. Vert Guidebeck and Mrs. Evelyn DeVet as co-chairmen. Proceeds are used for equipment for the hospital.

Briefly Told

State Police ticketed Carl Seppi, Springfield, Ill., Homer J. Gingrass, Newberry, Edward G. DeMay, Frazer, Paul D. Laho, Detroit, Renn F. Haley, Oden and Lawrence D. Minor, Jenison, speeding.

In a trial by court, Charles M. Kerridge, 25, of S. 4th St, was found guilty of reckless driving and was assessed fine of $50 and costs of $11.50. He was placed on probation 30 days. The charge was lodged on a citizen complaint June 26.

Public Safety officers are investigating theft of $5 in nickels and pennies and a deactivated mortar shell from the Circle Drive-in Restaurant on Deer St., sometime Tuesday night. Entry was made through a back door, officers said.

Lisa Whiting, 8, of Chicago, who is visiting at the Clyde Tank home was treated at Schoolcraft Memorial Hospital Wednesday for injuries received in an accident. Public Safety officers said she walked into the side of a car driven by Leo C. Gratchner, 52, of LaGrange, Ill., at the Oak and Maple intersection, at 1:15 p.m.

George Griffiths, 60, of 14874 Rochelle, Detroit, was ticketed by State Police for improper overtaking and passing following an accident at 1:25 p.m. July 6 at the Duck Inn road intersection on U.S. 2 in Manistique Township. He attempted to pass a car driven by Beverly Messer, 16, of Rte. 1, Gulliver while the Messer car was making a left turn off U.S. 2. No one was injured.

Hospital

Admitted to Schoolcraft Memorial Hospital were Rebe Merchant, Hazel Swagart, John Martin and Mae Hall. Discharged were Elvira Johnson, Sarah Guisano, Lily Chaffin and James Kent.

'Tin Goose' Is Coming Home After 40 Years

TUCSON, Ariz. (AP)—One of the famous Ford Trimotor airplanes, affectionately known as "Tin Geese" soon will fly home from Tucson after being gone for nearly 40 years.

Old "No. 11" is being prepared by Arizona Airmotive Corp. for new owners. It will carry passengers from Port Clinton, Ohio, to islands in Lake Erie, 50 miles from Dearborn, Mich., where it was made in 1928.

In the intervening years, No. 11 has been flying all over North and South America. Most recently, it has been taking passengers and cargo from Mazatlan, Mexico, to a gold and silver mine at Toyotita, about 60 miles away.

"She's a fine old girl," said Peter Pess, president of Airmotive.

No. 11 doesn't have all the modern gadgets but experts say it's tough and doesn't need much room to land.

"It will land at 45 miles an hour," said James Kelly, vice president for Airmotive. The San Luis Mining Co. was flying it on a runway at Toyotita that is only 1,800 feet long."

Pess said Pan American World Airways bought the trimotor in 1928 and probably took passengers to South America with it.

The plane was based in the Dominican Republic in 1936 and flew around the Caribbean until 1949, when it was sold to the San Luis Mining Co. Island Airlines.

No. 11's new owner, has two other trimotors to carry passengers to South Bass, Middle Bass and Rattlesnake islands about nine miles from the Ohio shore.

Personals

Mr. and Mrs. Frank Jewell of Albert have been guests at the home of Earl Cox and attended the centennial at Germfask.

Mrs. Lloyd Neville has left for Albany, N. Y., to visit two weeks with her son, David, who is in the Navy.

Births

Mr. and Mrs. Jerry DeJong, Holland are the parents of a son weighing 8 pounds, 14 ounces born July 7. Mrs. DeJong is the former Nyela Haas, daughter of Mr. and Mrs. Victor Haas.

President William Henry Harrison died in office one month after his inauguration.

West U.S. 2 - Manistique

ACTIVE IN THE Sawmill Players productions at Manistique High School auditorium are Tom Smith, director, who plays the male lead, Archibald Carlyle, in "East Lynne," playing through Sunday, and, left, Faye Parker, head of the Pittsburgh Children's Theater, who produced "East Lynne," and Joni Kaye, who plays "Lady Isabel" in the melodrama. (Daily Press Photo)

Sawmill Players Do It Well

'East Lynne' Comedy Wins

By JEAN WORTH

The Sawmill Players are sawing Nell in two in a mossy melodrama, "East Lynne", in the Manistique High School auditorium these evenings. The play runs through Sunday and will be succeeded next Tuesday by "Young Ben Franklin."

The Sawmill Players are the Upper Peninsula's third professional theater troupe this summer. The others are at the Calumet theater and at Indianhead Mountain resort at Wakefield.

These young players headed by Tom Smith, son of the owners of the Smith Haven Resort at Curtis, provide a lot of fun for their audience each evening and they offer the people in the St. Ignace to Escanaba to Munising area an opportunity for a pleasant evening's drive to live theater, which has become such a big part of America's new entertainment kick.

Road Gone

Manistique used to have road shows with live actors at its Oak Theater but those days are long gone. There's an exciting renewal of live theater, however, in the Sawmill Players.

People like this entertainment if they can be lured into the theater, but the generation which remembers the old road shows is the wheelchair set now and there must be some new recruits if live theater is to flourish.

Some of the most enthusiastic members of the audience are outsiders, tourists or vacationers who are familiar with summer theater in their home cities. The Keweenaw Players have been operating at Calumet for years, but it's a struggle to make the box office income meet the bills every year and presumably the Sawmill Players will face the same problem at Manistique.

Local Interest

The best cushion is the widest possible local interest in the players. Culture buffs suggest that there is some sort of obligation to support the theater, but this is a phony plea that probably keeps more people away from the theater than it attracts.

If "East Lynne" is a fair sample of what the Sawmillers can do, the Manistique season will be fun throughout. It is a delightful spoof of a melodrama from the period when the audience applauded Reginald Darewell when he told off the villain and inflated his chest so Little Nell could lean on it.

Tom Smith has assembled a troupe of professional players who have a talented anchor in Fay Parker, head of famed Pittsburgh Children's Theater, who produced "East Lynne" and who has written "Young Ben Franklin." Smith is a graduate of the University of Indiana, a major in drama, and he has played Shakespeare in Kentucky and done other improbable and interesting things in the theater. Curtis has made a fine contribution to the legitimate theater in this young man.

In a nation that makes a fetish of security there are still young people so dreamy-eyed about the theater that they wonder only (with gestures) whether there'll be something to eat for the actors next week—or tomorrow—and not whether they'll be paid. Pensions are unthinkable.

The talented Sawmillers are drama students, aspiring playwrights, professional actors, stage technicians, theater buffs and some local players, who made a fine contribution to "East Lynne".

Live theater is a lively cocktail for a television generation. It is a turning back to a very old art form as something that is imperishable and very stimulating and enjoyable. The Ypsilanti Greek Theater has just opened and created a national stir of interest. Old (70) Bert Lahr, the former burlesque comedian, vowed the audience as Pisthetairos in Aristophanes' "The Birds." What could a Greek who lived four centuries before Christ write for playing by a lisping American comic that would bring people from New York to Ypsi to see the show? That's the strength of good theater!

U.S. Fishermen Fail In Supplying Seafood Demand

WASHINGTON (AP) The people of the United States are eating more seafood than ever before.

Yet, the nation's commercial fishermen are failing to capitalize on the demand, even though they receive more for their catch last year than ever before, government officials say.

They pointed to statistics showing:

1. Per capita consumption of fishery products in 1965 reached 11 pounds,, the highest annual figure since 1954 and nearly half a pound higher than the 1964 average. The population also increased.

2. For the first time in history, U.S. imports of edible fishery products in 1965 exceeded 50 per cent of the supply and this country became the world's largest importer of such products.

Catch Up Only 4%

3. The catch by U.S. fishermen, including industrial fish, was 4.7 billion pounds last year, only 4 per cent higher than the 1964 take, but the income of these fishermen was a record $451 million, compared with $390 million in 1964.

4. The total supply of edible fishery products was 5.1 billion pounds last year, a record, and up from the previous high of 4.9 billion pounds in 1964.

World Harvest Soars

5. It developed that fishery resources off the shores of the United States could supply this nation with five times its present catch and provide the raw material needed to make it a major exporter of fishery products.

The Bureau of Commercial Fisheries, in the Interior Department, points out that the world's seafood harvest soared from 102.3 billion pounds in 1963 to 113.8 billion pounds in 1964 and that the expansion continued into 1965.

"The United states, however, did not share in this expansion of production and remained fifth among the fishing nations of the world," the bureau said.

Donald L. McKernan, director of the bureau, said in an interview there is cause for optimism, however, that domestic fisheries will be restored to their traditional place as one of the leading fishing nations of the world.

Expand Research

He said the government, aware of the tremendous potential fishery resources and the increase of foreign fishing activity off the U.S. coasts, has expanded programs of research, development, and services in its effort to insure that the nation participates fully in the harvest.

McKernan rejected suggestions that there are shortages of various types of seafood because of over-fishing of the oceans, or because of foreign fishing off the American coasts. He said a major reason for price increases of some fishery products has been public demand for higher quality, and preparation as convenience foods.

He said the normal law of supply and demand also has been reflected in prices for such things as canned tuna and oysters, with reduced production followed by higher prices

Great Lakes Good Bet For Fishing

The most lucrative fishing ground at present is the Great Lakes and connecting waters, where recent hot weather has had little effect on water conditions, the Conservation Department reports.

Warmer surface water drives fish to deeper water and toward sources of cold water. Water levels on streams are down but lake levels continue to hold up. Woods conditions are dry and combustible.

Northern pike catches have dropped off but some good ones have been reported from Sucker, Sullivan and Pickerel lakes, Monacle Lake, Brimley Bay, Big Manistique Lake, Brevoort and Milakokia Lake and the Lower Manistique River. An 18½ pound northern was caught on Round Lake June 30 by Joe Desazdzynski of Detroit, using a silver spoon for bait.

On walleye, good reports have come from Monacle Lake, Upper St. Mary's, Baie de Wasi, the mouth of the Charlotte, Muniscong Bay and Brimley Bay. Best results are trolling with night crawler harness. Good catches also have been reported from Big Manistique Lake and Manistique River, and a few lunkers at Round Lake.

Good yellow perch catches continue from Brimley Bay and the Upper St. Mary's, Blind Sucker Flooding, Big Manistique Lake, Mitchell Lake, Brevoort and Milakokia lakes, McDonald and Worcester lakes and Manistique River.

For smallmouth bass, reports are good from Brimley Bay and Kinyon Bay and East Lake. Largemouth bass catches have been good from Whitefish, Nevins and Stuart lakes.

Bluegill catches have been made on Deadman's, East, Twin and Stuart lakes, in Luce, Whitefish Lake, Twin, Sunken and East lakes in Schoolcraft County.

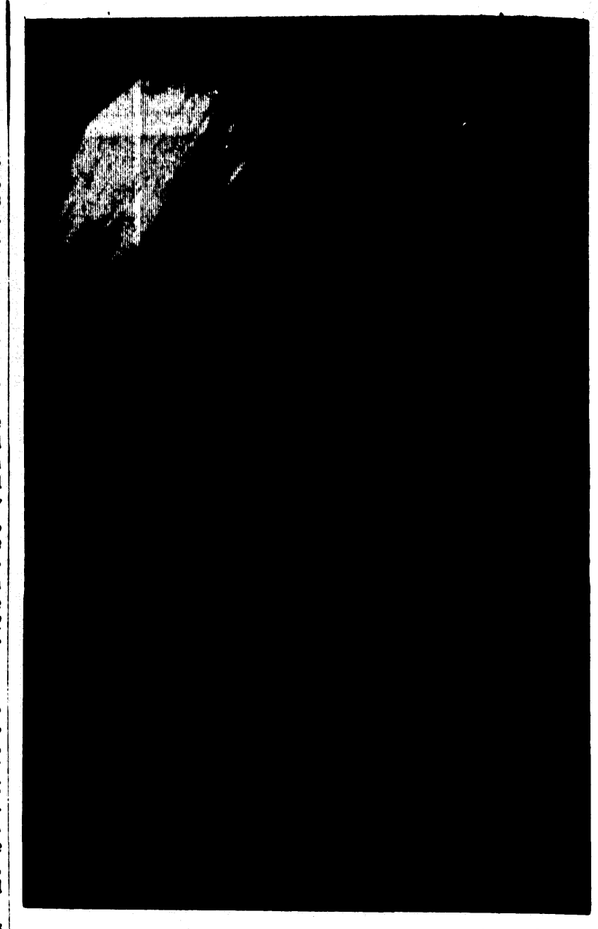
Some brown trout have been caught in Fibron pond in Mackinac County and Long Lake in Luce County. Brook trout catches have been good from Sucker River, Upper Two-Hearted, and Little Two-Hearted rivers, Syphon Creek and ponds on Silver Creek in Luce County, the spreads on the east branch of the Fox, and the east branch of the Tahquamenon. Fishing with "cowbells" deep in Clear Lake, Schoolcraft County has produced good rainbow catches.

The "cowbells," large silver and gold spoons hooked in tandem and fished deep are usually a good bet on lake stocked with rainbow, brown trout and splake, the department reports.

Herring catches have been good from Les Cheneaux channels at Cedarville and Hessel. Dry flies, simulating May fly, are good lures.

Excellent fishing for whitefish is reported on the Upper St. Mary's and outlet of the power canal at Sault Ste. Marie. Best bait is on a small No. 8-10 hook impaled with small portion of worm or fly. The whitefish is soft of mouth, so a landing net is handy.

The Conservation Department has commended travelers for their care with fire during the Independence Day weekend. No serious fires occurred. The department asks that the good work be kept up.



A MISS MICHIGAN candidate from Traverse City will be Susan Darlene Carlson, daughter of Mr. and Mrs. Edwin Carlson, former Manistique residents. Susan, 19, is a 1965 graduate of Manistique High School and was a winner in the solo and ensemble festival at Northern Michigan University. She took part in the Miss Traverse City pageant and won the talent award. She will represent Traverse City at the Miss Michigan pageant in Muskegon next June. Susan is a voice major at Eastern Michigan University, where she will enroll as a sophomore this fall. She has a regents scholarship from the university.

'Lost' Foursome Found In Cabin

The Conservation Department reports Manistique Lake was searched Tuesday night(until 3 a.m. Wednesday) for a man and three children reported missing. The rescue party which consisted of Rudy Lawrence, Conservation officer Leslie Walstrom and guests at Newborn's cottages noted a light in a cabin on Greenfield Island. Investigation revealed the man and the children making themselves at home, apparently forgetting consideration for other members of the family and those responsible for safety and search.

The Nobel Prize was established in 1901.

Court Denies Patent Claim

DETROIT (AP) — Henry J. Kaiser Co. was defeated in federal court in its claim to exclusive U. S. control of a revolutionary steel-making process worth millions of dollars.

Kaiser attorney William H. Webb said the decision, by U.S. Dist. Judge Ralph M. Freeman, would be appealed.

Freeman ended one of the longest trials in Detroit history when he denied Kaiser's claim to damages totaling an estimated $4.5 million from McLouth Steel Corp. of Detroit.

Kaiser said it was due royalties of 15 cents per ton of steel produced since 1955 by McLouth using a blown-oxygen method.

Freeman, however, ruled the patent invalid because the parties applying for it failed to "particularly point out and distinctly claim the subject matter which the applicants claim is their invention."

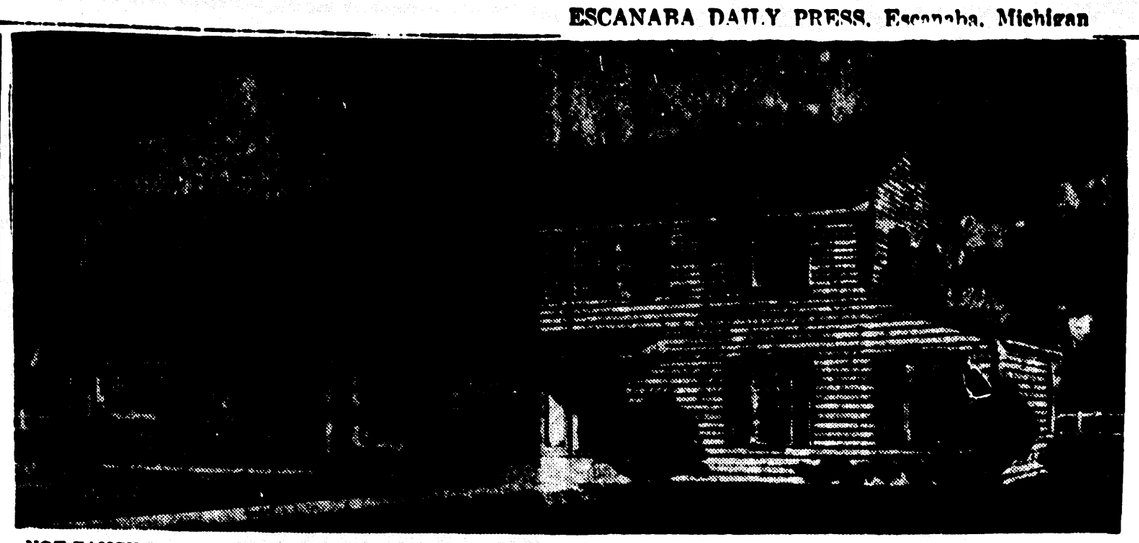
The process, which involves blowing jets of near-pure oxygen onto vats of molten pig iron to remove impurities, has been hailed by one steel firm executive as "the only major technological breakthrough at the ingot level in the steel industry since before the turn of the century."

An industry spokesman said all U. S. steelmakers either use or contemplate using the process. It was used in making some 15 million tons of steel last year.

Indict Canadians For Stolen Stock

DETROIT (AP)—Two Canadians accused of possessing stolen stocks worth $125,000 were indicted by a federal grand jury Wednesday on 33 counts of conspiracy to transport them to interstate commerce.

James K. Reid, 45, and Robert E. Titchner, 32, both of London, Ont., had been held under $50,000 bond each since their arrest June 23. U.S. attorneys said the stocks were taken in burglaries in the United States and Canada.



NOT FANCY, but nice: This four-bedroom, two-story colonial manages to convey an air of comfort, charm and livability without expensive frills. Inside, the theme of comfortable living is carried out via a practical room arrangement.

Two-Story Colonial Charm

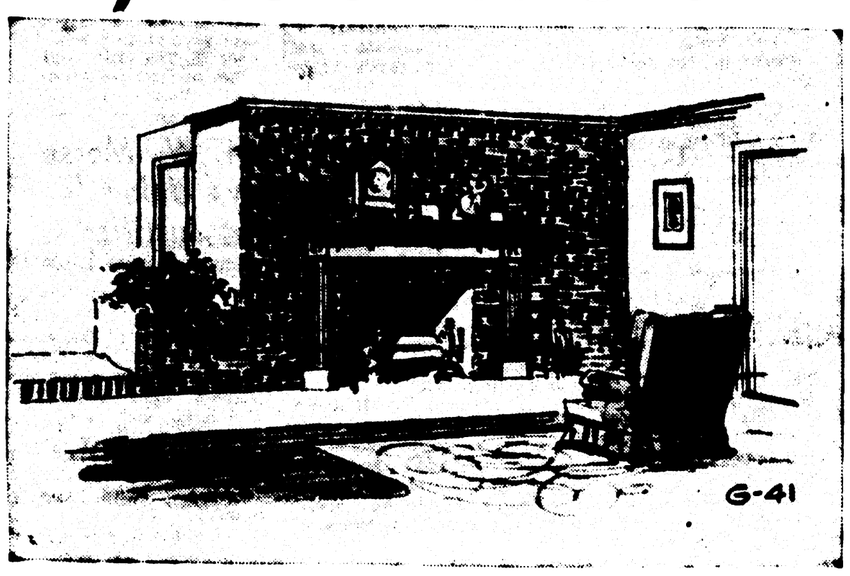
By ANDY LANG

Any public preference which lasts from generation to generation must be based on solid value. That applies particularly to the two - story colonial house, which has remained high on the popularity list despite the introduction of many new styles over the years.

Attempting to explain the reason for this continuing popularity is not easy, since the colonial, which has many variations within itself, is lacking in spectacular features. This might be its biggest asset: that nothing about it overwhelms you. Instead, there is a kind of balanced, familiar charm that exudes warmth and good cheer.

The latest House of the Week for example, has a pleasant, homey appearance about it. And if architectural history repeats itself, its combination of narrow clapboards, red cedar V-joint vertical boards, diamond-paned windows and pitched asphalt-shingled roof will be as stylish 50 years from now as it was 50 years ago and as it is today.

Inside, there are four bedrooms and 2½ baths with a total of 2033 square feet of habitable area on two floors.



FAMILY ROOM: Impressive fireplace is in corner of family room at rear of house. To the right, not visible, are sliding glass doors leading to patio.

The unusually large and impressive foyer designed by architect William Chirgotis is the key to efficient circulation, distributing traffic effectively throughout the first floor divisions and the second-floor bedrooms. The living room and the dining room are at either side of the foyer; the living room with two separate windows, the dining room with a bay window. An attractive staircase leads directly from the foyer to the bedrooms. An open, spacious stairwell eliminates any feeling of congestion on the second floor. The master bedroom has a private full bath, with a stall shower and a full wall mirrored vanity.

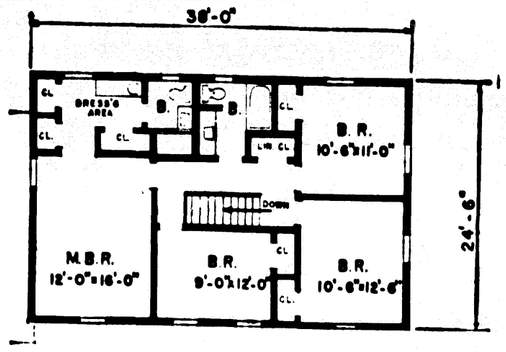
The kitchen and family room are at the rear of the first floor, but can be reached directly from the foyer without crossing any other rooms. The 15' of width across the back of the kitchen provides sufficient eating accommodations for the entire family, and the right side of the room has been designated in the floor plans as a dinette. Two windows, one over the sink and one in the dining area, provide plenty of natural light besides affording a clear view of the backyard. There is a lavatory between the kitchen and the family room. Sliding glass doors in the family room take full advantage of the view, light and access to the rear patio and garden areas. A fireplace surrounded by a full brick wall highlights the family room.

On the other side of the kitchen is the laundry room, with access to the outside as well as to the two-car garage. The garage also has a rear door, which makes it handy for putting away garden tools, toys, lawn chairs and the like. While the plans call for garage doors at the side, these doors could be located at the front if the width of the lot did not permit a driveway at the side.

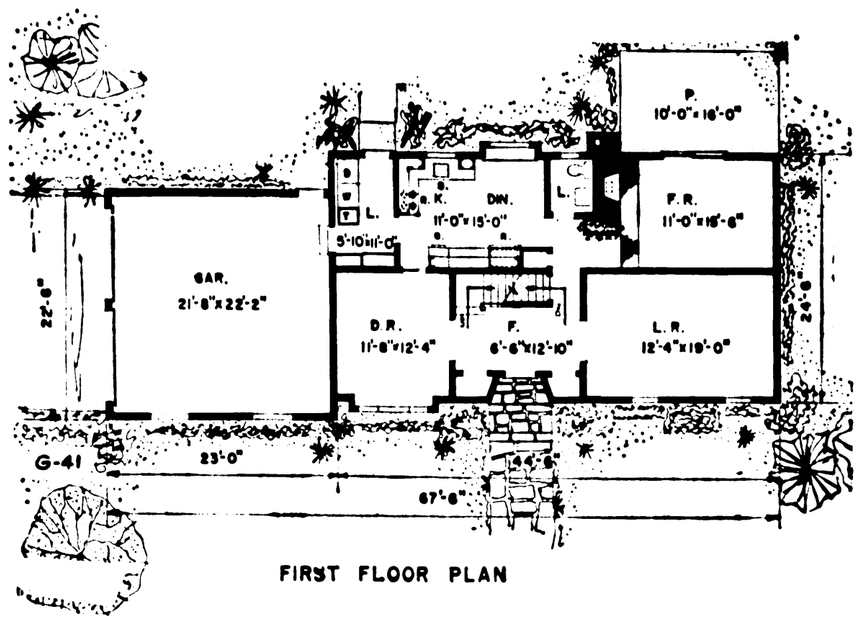
Design G-41 is for the family that wants modern living inside, old-fashioned enchantment outside.

G-41 STATISTICS

Design G-41 has a foyer, living room, dining room, kitchen-dinette, family room, laundry room and lavatory on the first floor; four bedrooms and two bathrooms on the second floor. Total habitable area of the two floors is 2033 square feet. Over-all dimensions, including the two-car garage, are 67' 6" by 24' 6". The plans include a full basement.



SECOND FLOOR



FIRST FLOOR PLAN

FLOOR PLANS: Large foyer serves as hub of circulation pattern, permitting immediate access to living room at right, dining room at left, kitchen-family room area at rear, and stairway leading to the four bedrooms on the second floor.

June Car Sales Under Year Ago

DETROIT (AP)—The nation's "Big Three" automobile firms sold fewer cars last month than in June 1965.

And neither General Motors Corp. nor Ford Motor Co. displayed any sharp trend toward heavily increased sales in the final ten days of the month.

Chrysler Corp., third largest auto maker, and American Motors Corp. increased their sales paces in the final ten days last month.

Over-all, it was the sixth consecutive 10-day period in which sales trailed the record pace of 1965.

The firms said that 298,663 cars were sold in the June 21-30 period, 10.2 per cent less than the 329,337 sold in the same period of 1965.

June sales totaling 750,116 cars were 7 per cent below the 805,978 sold in June 1965.

For the first six months, sales trailed the pace of 1965 by 3.6 per cent, with only Chrysler and Ford reporting higher sales than last year for the half year.

General Motors reported Wednesday it sold 148,467 autos in the closing 10 days of June, compared with 169,993 in the like period last year.

Volkswagen Sets Recall For 1965 And 1966 Autos

NEW YORK (AP) — About 197,000 Volkswagen automobiles were ordered recalled to local dealers for an inspection of front axle ball joint assemblies and rear luggage compartment lids.

Volkswagen of America Inc. in Englewood Cliffs, N.J., said 175,000 of the familiar beetle-shaped Volkswagen sedans and the sport model Karmann-Ghia were involved.

About 22,000 square back sedans, resembling the larger American station wagon, also were recalled.

The sedans and Karmann-Ghias were manufactured between Aug. 1, 1965, and mid-January of this year.

Distance Hiker Fined $10,000

KALAMAZOO (AP) — Distance walker Marion Pearson, 66, whose 600-mile hike was interrupted by court trial on income tax evasion charges, was fined $10,000.

Judge W. Wallace Kent of U. S. District Court also sentenced the Grand Rapids businessman to a suspended two-year prison term and to two years of probation.

Pearson pleaded guilty to one count of a 14-count incident.

Last May, Pearson cut short his planned walk from Sault Ste. Marie to Richmond, Ind., to face trial.

He got as far as nearby Wyoming when he left a group of five men on the jaunt.

At the time, Pearson had abstained from eating food and was planning to walk the entire distance nourished only by water. This was part of an experiment he said he intended to conduct for Air Force medical researchers.

Marquette County Told:

Delta Balking On Center

Marquette County Probate Judge Michael DeFant, chairman of the Upper Peninsula Adult Mental Health Clinic, today said that the new Marquette Area Community Health Center was seeking Delta County representation in its organization.

A meeting of leaders of the organization will be held in Marquette on Monday, following announcement this week that the National Institute of Mental Health had granted $90,380 to the Center to finance 75 per cent of its operating costs for one year starting next Jan. 1. The other 25 per cent of "local" funds would actually come from the state under the Act 54 program which authorizes Michigan's new program for mental health services.

The federal grant is seed money for a four year program of diminishing federal participation which would eventually leave the financing to state and county sources.

Adult Program

Judge DeFant, a leader in organization of mental health services for the Upper Peninsula, said that he had found interest only in the existing Child Guidance Clinic program in Delta County.

Delta County's Escanaba Area Branch Child Guidance Clinic board had a different view of the matter. This board is composed of Edwin Wuehle, Manistique superintendent of schools, chairman; Leo Alperovitz, Bay de Noc Community College business director, vice chairman; Mrs. Clinton Dunathan, treasurer. Frank Waitrovich, psychiatric social worker of the Escanaba Branch Clinic, is an ex-officio member.

Luther Barrett, Escanaba Area school superintendent, and Richard Rinehart, president, Bay de Noc College, are directors of the U.P. Child Guidance Clinic board.

Hurried Program

Judge DeFant said "This (Marquette Area Community Health Center) program was dropped on us. Governor Romney learned that federal funds were to be lost, then ordered the State Department of Mental Health to develop a program

"I said that most of the child guidance program was a phony and now the state is trying to give us a program."

When is was suggested that Delta had not been consulted in the preparation of the Center program in which it has been included with Marquette, Alger and Schoolcraft counties, Judge DeFant said that the whole action had been so hurried that even Marquette had not had time for deliberation.

The new program would supplant the Child Guidance Clinic, the Adult Mental Health Clinic and the St. Mary's Hospital Psychiatric Unit in Marquette.

Schoolcraft Problem

Delta County's mental health officials said the entire four county program was developed without consulting Delta. It won't do, they said, unless the project is amended to include Schoolcraft County, with which Delta is now associated in the Escanaba Area Child Guidance Clinic Branch.

Schoolcraft was included in the Center program, as announced from Marquette this week, but for only "certain services." Delta officials said the problem here is that federal regulations insist that the district be within one hour's driving distance of the services and Schoolcraft is beyond this range from Marquette, and thus ineligible.

Delta, however, isn't inclined to abandon its present partner in mental health service organization for this reason.

Such programs must include 100,000 population, which impose huge problems for Upper Peninsula counties attempting to "go it alone."

Divided Costs

St. Francis Hospital was not included in the plan and not even consulted about participation, Delta officials reported, it being "assumed" that it was not interested. They rejected out of hand any suggestion that Delta is interested only in child guidance, as suggested at Marquette, saying that a study here had shown county interest in adult mental health, in treatment of alcoholics and in psychiatric services at the local hospital, as well as the child guidance services to emotionally disturbed children.

What will happen isn't clear, but Delta seems firmly committed to insistence that Schoolcraft County be included in the Center district for full services. Delta officials said that in a meeting with Marquette officials after the commitment on the Center had been made by Marquette it was explained that Marquette has twice as many people and twice as much tax base as Delta, so it would pay twice as much. Deltans said that it would also get 6 times as much personnel for services. "They hope we'll influence the Delta County Board of Supervisors to support the program," said a conferee.

No Life Jackets, Three Drown As Boat Overturns

LUDINGTON (AP) — Seven persons in a 10-foot boat.

No life jackets.

No one could swim.

Only the alertness of a 15-year-old boy fishing across the lake prevented all seven from drowning when the boat overturned, police said. But three children did drown.

The boat rolled over Thursday in St. Mary's Lake, 10 miles southeast of here.

State Police skin divers recovered the bodies of Theodore Hamilton, 4, David Barker, 6, and David's sister Donata, 7.

Jack Nye of Flint, Mich., was in the only other boat on the small lake when he saw a woman on shore motioning frantically for him to look to the other side of the lake.

When he turned, he said, he saw the overturned boat and several persons floundering in the water. He raced his outboard across the lake and pulled two women and two children from the water.

"I never saw the three who drowned," Nye said.

Police credited Nye with saving Mrs. Betty Baker, Mrs. Betty Hamilton, Debbie Hamilton 6, and Michael Hamilton, Benton Harbor, Mich.

"When I arrived, the boy (Michael) was lying face down in the water," Nye said. "When I picked him up he was unconscious and blue, and I hit him as hard as I could until he started crying."

Nye said he next pulled Debbie from the lake. Police reported that Debbie had learned to float and was able to stay above water.

He then helped the two mothers into his boat. One of them was clinging to a gas can and the other was "paddling very hard," he said.

Police said the two women and their children were vacationing at the lake while their husbands remained in Benton Harbor.

Nye is spending the summer in a trailer at the lake and says he goes fishing every day.

Library Services Extended To Aid Reading Program

About 2,000 books from the Carnegie Public Library stocks have been added to the Summer Development Reading program of the Escanaba Area Public schools, director Louis Diedrich announced.

The books have been placed at reading centers at Holy Name and Webster schools to encourage children to read widely during the summer, Diedrich said. Placement of the books was made possible through the cooperation of John Ptacik, Carnegie Library director.

Library staff assistants at the two library centers will be paid through participation in the federal work-study program.

Announcement of the reading centers was made at an in-service training program for 35 teachers at the Lemmer School Thursday. Discussions were led by Anito Kotila, school nurse, Helene Laughbaum, librarian, and June Hanson, visiting teacher.

College Retains Planning Firm

The Bay de Noc Community College Governing Board Thursday retailed Daverman Associates, Grand Rapids, as planning consultants to assist in developing a long-range master plan for the college. The Board met in regular session in Gladstone.

The Board also approved formation of a 30-member College-Community liason committee of citizens to assist in evaluation of planning reports.

President Richard Rinehart said the master plan is expected to be complete by April 1, 1967.

Other consultants for the college are Dr. Max Smith of Michigan State University, who will assist in determination of the service area, and Dr. Raymond Young, also of MSU, who will assist in questions of educational specifications and scope.

Funds Budgeted

Leo Alperovitz, college business director, said $1,200 has been budgeted in 1966-67 for planning consultant fees.

The College-Community liason committee will be appointed by the Governing Board. Names of apopintees are expected to be announced within the next month.

Rinehart said most of the members of the committee would probably come from the Delta County area.

Purpose of the committee, he said, would be to evaluate planning reports, not to make recommendations.

Daverman Associates is experienced in developing master plans for high education institutions, having worked on plans for the University of Wisconsin, Madison, and Ferris State College, Big Rapids, Mich., and several other community colleges.

The Board said decision to retain Daverman Associates was made because of their size and experience with college master plans.

Seek Scholarships

Joseph Daverman and Richard Wiggins, both of the Grand Rapids firm, recently conferred with college officials in Escanaba and indicated that services from the firm's offices in Madison and Milwaukee could be used in addition to Grand Rapids facilities.

In other business, the Board decided that an effort would be made to try to find private funds to provide scholarship assistance for students from British Honduras under a "Partners of the Alliance" program initiated by Gov. George Romney. The Board said the college does not have sufficient resources to provide outside scholarships when local students still need aid.

Chairman Joseph Heirman reported on meetings with members of other community colleges boards throughout Michigan and said there was a continuing need for board members to exchange information.

Hearing Aid Bill Is Ruled Legal

LANSING (AP) — While two hearing aid dealer groups argued over the constitutionality of a hearing aid bill, Atty. Gen. Frank Kelley ruled today it is legal.

The measure, which would license and regulate hearing aid dealers and salesmen, passed both houses by a wide margin and is awaiting action by Gov. George Romney.

The Michigan State Hearing Aid Dealers Association has urged a Romney veto, claiming the bill would prevent any new people from entering the field for two years.

The similarly named Hearing Aid Dealers Association of Michigan is backing the bill, calling the other group "Johnny-come-latelies" organized specifically to oppose the measure.

The so called restriction clauses, Kelley said, "are actually grandfather clauses, allowing persons to become licensed by showing experience, good character and age. Almost all regulatory acts contain such a clause."

Kelley was a leading advocate of licensing for hearing aid dealers to combat racketeering by a few unscrupulous operators.

Ball Of Season Given In Honor Of Lynda Bird

BONN, Germany (AP)—Lynda Bird Johnson danced into the early hours today at a formal party given in her honor by her hosts in Germany, U.S. Ambassador and Mrs. George C. McGhee.

The ball drew 125 invited guests, who became the most envied members of Bonn's young set. Careful measures were taken at the ambassador's villa to foil any attempts to crash the dance, dubbed "the ball of the season" by a local newspaper.

The U.S. President's 22-year-old daughter wore a full length chiffon dress in three shades of green with what was described as a bateau neck and floating side panels that flowed from a large satin band above the waist.

Who Speeds?

GLENS FALLS, N.Y. (AP) — Several residents of Bush street petitioned the city recently to reduce the auto speed limit to 15 miles an hour.

The city agreed and police set up radar speed traps to enforce the new limit. They promptly ticketed four motorists.

The four live on Bush street.

Sen. W. Morse Says Union Is Not Justified

(Continued from Page 1)

hour. The current hourly wage is $3.52.

The chairman of the airline negotiating committee, William J. Curtin, said in a prepared statement after negotiations broke down that "the union blew up the negotiations with a fantastic demand for 75 per cent more than the presidential emergency board recommended."

He said that while the emergency board's recommendations, if adopted, would have cost the airlines $76 million in added costs, the union proposal would cost $114 million and was therefore unacceptable.

The union also asked that vacation periods be liberalized to four weeks after 15 years instead of after 20, and that Good Friday be added as an eighth annual holiday.

The union said it would drop demands that the work week be reduced from 40 hours to 37½ hours, and that overtime pay rates be increased.

It demanded, however that the airlines bear the entire cost of pension plans and of health and welfare plans, and that the latter be liberalized to provide full coverage for employees and dependents.

St. Thomas To Hold Reunion Picnic At Park

A field Mass at 11:30 a. m. Sunday will start the Reunion Day picnic at Pioneer Trail Park of St. Thomas Parish.

Dinner will be served from noon to 6 p. m.

A work bee will be held on Saturday starting at 9 a. m. for all of the men of the parish in preparation for the picnic. Workers are asked to report to Robert Grabowski and Bernard LaPlant at Pioneer Trail Park.

Chairmen of the various events and circles include:

Mrs. Palmer Benard, Mrs. Severin Buckland, Mrs. Phil LaMarch, Mrs. Earl Reno, Mrs. Rod Beauchamp, Mrs. Joe Stropich, Mrs. Art Messier, Mrs. Clarence Benoit, Mrs. Ed Christensen, Mrs. George Bougie,

Tom Wilfong, Bernard LaPlant Jr., John Kidd, John Mroz, Romeo LaCosse, Phil LaMarche, Ed Gouin, Bob Dufour, Dennis LaMarch, Vic DeRouin, Steve Sundelius, Dave Hirn, Milton Lueneberg, Mary Kay Dufour, Marcia King, Dianne Fraddo, Gerald Bergeon and Herman Fillion.

Young Swimmer

DALLAS, Tex. (AP) — Shawn Leigh Davis is six months old, weighs 21 pounds — and is taking swimming lessons.

She's the daughter of Mrs. John Davis, 26, who is teaching a nursery school class to swim.

Mrs. Davis dunks the infant, and Shawn uses sort of a flutter kick that propels her about three feet toward another instructor waiting to catch her.

Draft Calling Married Men

LANSING (AP) — Michigan draft boards will be required to deliver an additional 750 men—most of them married — for induction into the Army in July and August, State Selective Service headquarters said today.

"To meet our regular August quota, we had to call some men without children and married before Aug. 26, 1965," said Col. Arthur Holmes, Selective Service director.

"So when we were given the additional quota of 450 men, we had to authorize local boards to take them from this group," he said. Virtually all of the 300 additional men to be called in July will be from this group.

"This group is the next in line whenever we run out of potential inductees reaching 19 years of age," Holmes added.

The last time married men were called on a statewide basis, he said, "was before President Kennedy stopped it in 1963—although there may have been isolated instances of it when a particular board could not meet its quoas in any other way."

Selective Service spokesmen said some married men were called in May for this reason.

Holmes said the additional call was due to increased manpower requirements announced by the Defense Department this week.

Access Sites

LANSING (AP) — The State Conservation Department has available free copies of a folder locating more than 700 public water access sites in Michigan. The directory lists boat launching points and sites open to camping.

Ruppe Planning Busy Weekend

HOUGHTON — Phil Ruppe, 11th District Republican Congressional candidate, plans another heavy weekend of campaigning.

He will start in Otsego County Saturday morning and be at the Alpine Festival Parade in Gaylord late that afternoon acting as Governor Romney's official representative. He plans to a handshaking swing through downtown Gaylord after the parade.

Sunday's schedule calls for a hop to Iron Mountain where he will attending the United Commercial Travelers picnic. He will then leave for Crystal Falls to participate in its Bass Festival picnic.

Last stop will be the U. P. Soap Box Derby banquet in Houghton.

Where To Call For Help

Would you know where to call for help in an emergency? For example: your child swallows poison, an alcoholic member of the family is in need of help; or an aged person is in need of assistance.

Below is a partial list of agencies which will provide aid in varying degrees of emergency situation.

A complete listing of area service clubs and organizations is available free of charge at the office of the Chamber of Commerce, 230 Ludington, Escanaba 786-2192.

Clip this chart. Keep it near the telephone. Fill in the blank spaces with the numbers of your local fire department or police. (If the emergency is critical injury or illness and you do not have transportation to the hospital, call the police.)

Locke, who was presented with a national sportscasting award in 1965 for outstanding radio coverage of softball, has broadcast the last five world tournaments and this fall will cover the first annual international tournament in Mexico City.

Nicklaus Denies He Is Slowpoke Golfer

BULLETIN

MUIRFIELD, Scotland (AP)—Jack Nicklaus, setting a sizzling pace, matched par for nine holes with a 36 today and stretched his lead to four strokes at the 45 hole mark of the British Open Golf Championships.

MUIRFIELD, Scotland (AP) — Jack Nicklaus denies he's a slow golf player — it's just that he doesn't like officials putting a stopwatch on him.

"You can't play golf with a policeman hanging over you," said the blond master from Columbus, Ohio.

Leading the field by one stroke on 137 at the halfway stage of the British Open Golf Championship starting the third round today, Nicklaus paused — but not on the course — to explain how he feels about slow play.

"At the U.S. Open in San Francisco last month they tried to speed up play by badgering the golfers and even putting the clock on them," Nicklaus said.

"Some rounds were taking 5½ hours and obviously the U.S.G.A. was right to speed up play. But the methods were wrong."

Big Jack had no complaints on this score against the Royal and Ancient Golf Club which runs the British Open. His rounds thus far at Muirfield have taken about 3½ hours, and that is about average.

"That seems just about right to me," Nicklaus said.

Gerald Micklem, chairman of the British championship committee, commented: "There has been absolutely no need to urge the players on. I think Americans tend to play faster over here than they do at home."

Two men who disagreed slightly about the speediness of play in this championship were Arnold Palmer and South Africa's Gary Player.

Palmer, of Latrobe, Pa., shot a disappointing 72 in the second round after a sizzling 33 on the outward nine. He ran into a jam at the seventh hole and from then on had to wait for every shot.

"It certainly didn't help my game," he said.

Player said he found it impossible to play quickly on a course with so much rough that lots of time and effort had to be spent on finding and clearing stray shots.

Going into the two final rounds, Nicklaus held a one-stroke lead over England's Peter Butler. Two shots back were Phil Rodgers, La Jolla, Calif., Harold Henning of South Africa and Kel Nagle of Australia.

The last pair out today in what shaped up as the feature of the third round were Nicklaus and Butler.

Action Starts Saturday

Tri-Club Tournament Slated For Highland

A field of 100 top golfers from Highland, Escanaba and Gladstone golf clubs will battle it out for championship honors in the annual Tri-Club tournament at Highland this weekend.

Golfers will tee off in a shotgun start at noon Saturday and will wind up the tournament with a full day of action Sunday.

"The course is in perfect shape and all the tournament details are ironed out," a Highland spokesman said today. "We will have the outstanding golfers from all three clubs in action, so competition in all flights should be tough."

Golfers will be shooting at the crown worn by Jerry Martin of the host Highland, who captured the tournament title at the Gladstone course last season. Martin will be on hand to defend his championship.

The Tony Cass Memorial trophy will be put into circulation for the first time. The trophy, in memory of the late Escanaba Country Club golfer who died last year, will go to the club of the winning golfer, to be retained for one season.

Golfers will play qualifying rounds Saturday and the top 15 shooters, plus the defending champion, will make up the championship flight.

After 18 holes Sunday, the remaining top eight golfers will be in the championship flight for the final nine holes to determine the champion. Golfers will play 45 holes in all in the medal tournament.

DETROIT TIGER Don Wert is forced at second as Jake Wood grounded to third and into a double play in Wednesday's game with the California Angels in Detroit. Bobby Knoop gets his throw away to first in time for the second out in fifth inning. Angels won the game in 10 innings, 1-0. (AP Wirephoto)

Mantle's Homer In Ninth Saves Face For Yanks

By The Associated Press

Mickey Mantle, who has trouble adjusting to Yankee Stadium after returning from a road trip, adjusted just in time to save the Yankees from further embarrassment.

"I never like coming back here," Mantle said after New York defeated Boston 5-2 Thursday night. "It's tough adjusting to this park. You always try to pull the ball."

Try or not to pull the ball, that's exactly what Mantle did with two out in the ninth inning, and it sailed into the right-field seats for a three-run homer.

The blast, only Mantle's second hit in 18 at bats since returning to New York July 4 after a road trip in which he hit eight homers in six games, kept the last-place Red Sox from sweeping the four-game series.

This year, for the first time since 1953 Mantle was not named to the American League All-Star team, but he has no regrets.

"I can use the rest," he said. "Those other guys deserve it more. I just had that one hot week."

In the only other AL action, the Chicago White Sox defeated Washington 8-5 and Detroit edged Minnesota 4-3.

San Francisco beat Cincinnati 7-5, the Chicago Cubs edged Pittsburgh 4-3, the New York Mets downed Philadelphia 9-6 and Los Angeles nipped Atlanta 2-2 in the only National League games.

Going into the bottom of the ninth at Yankee Stadium, the Red Sox had a 2-0 lead, built when Tony Conigliaro scored on a force out in the fourth and singled home a run in the ninth.

Then after one out, Rollie Sheldon walked two Yankees and Don McMahon came in to pitch. Pinch hitter Jake Gibbs singled home a run and moved the other runner to third. Tom Tresh followed with a sacrifice fly to tie it. Then after Bobby Richardson singled, Mantle unloaded his 16th homer of the season.

Bill Freehan singled in the sixth and scored on a ground out as Detroit ended a five-game losing streak and snapped a three-game winning string for the Twins.

Al Kaline hit a two-run homer, his 18th, and Willie Horton doubled home a run for the Tigers. Rich Rollins hit his sixth homer and Harmon Killebrew belted his 16th and doubled home another run for the Twins.

The White Sox built up an 8-0 lead behind Tommy John and then held on to edge the Senators, who scored three runs in the seventh and a pair in the eighth.

John Romano hit two doubles and drove in a pair of runs and Don Buford and Tommy Agee each got three hits for Chicago. Don Lock homered for the Senators.

Monday Schedule
6:45—Fangs vs. Mustangs
8:15—LaFave's vs. Michigan Hotel

Tuesday
6:45—Hall Insurance vs. Jolly Rogers
8:15—Teamsters vs. Bero Motors

Wednesday
6:45—Northtown Raiders vs. Mead
8:15—LaFave's vs. Merchants

Thursday
6:45—Flat Rock vs. Mustangs
8:15—Mead vs. Mich. Hotel

Friday
7:00—Flat Rock vs. Michigan Hotel

Flat Rock put all its eggs in one basket for last night's triumph. Jim Beauchamp swatted a bases loaded homer in the fourth inning to account for all the runs.

Beauchamp's circuit clout was one of only four hits Flat Rock was able to muster off the slants of Bill Babb who was making his first start on the Teamster mound.

Billy Smith fired a four hitter for Flat Rock and contributed a pair of singles at the plate.

Flat Rock climbed up to share the Escanaba Softball league lead with the Merchants and Bero Motors Thursday night by nipping the Teamsters 4-2.

The victory left Flat Rock with a 9-2 season record, matching Bero's and the Merchants.

Girls Softball

State Bank defeated Tim & Sally's, 15-5, in seven innings. Rose Thorsen, Pat Tobin and Parma Martineau hit homers for State Bank. Betty Thorsen was the winning pitcher. Darlene McDonough the loser.

Escanaba Machine outslugged Big Boy, 26-21, with Carol Bartosz collecting seven hits, including a pair of homeruns. Anna Nelson also homered and Joan Frederick was the winning pitcher.

Lombardi's Bar defeated Gladstone Merchants, 30-25, in a marathon game. Jean VanderWiele went the distance on the Lombardi mound and Judy Sundberg had four hits in four trips including a homer and triple.

Piston Center Has Operation

DETROIT (AP)—Detroit Pistons center Joe Strawder is recuperating from his second hernia operation in recent months, the team announced Thursday.

A Pistons official said Strawder signed his 1966-67 contract with the National Basketball Association club shortly before entering the hospital.

Tigers Shake Off Losing Streak, Hand Minnesota Twins 4-3 Defeat

BLOOMINGTON, Minn. (AP) —It wasn't so surprising that after five days in the ditch, the Detroit Tigers' idea of fun was chasing a mudcat.

Mudcat Grant, that is, and the Tigers did it Thursday night by routing the Minnesota pitcher and beating the Twins 4-3.

Al Kaline ripped a two-run homer off Grant in the third inning. The 377-foot drive to left center, Kaline's 18th home run of the season brought home Norm Cash.

Cash had singled in the first but was caught at second when Kaline grounded into a force play.

Jim Northrup scored the first run in the second inning after he and Willie Horton knocked out back to back doubles. Bill Freehan was hard on their heels with a single to left, but Horton had to hold at third.

Grant held the Tigers down in the rest of the inning by getting Don Wert on a pop up and striking out Dave Wickersham and Dick McAuliffe.

Horton hit another double in the third after Northrup flied out. Jim Perry came in to relieve Grant after Horton's belt and promptly got Freehan on a ground ball.

Russ Nixon singled over Jerry Lumpe's head in the third. That was the first hit off Wickersham but he struck out the next three batters.

Tony Oliva and Harmon Killebrew combined for a run in the fourth. The Twins' fifth inning was a carbon copy of their half of the third.

The Tigers scored again in the sixth, but so did the Twins with Killebrew's 16th homer of the year. That run cut the Tiger lead to 4-2.

Rich Rollins hit a leadoff homer in the ninth to pull the Twins to within one run of the Tigers.

Johnny Podres relieved Wickersham after Rollins' homer but got into trouble himself when pinch hitters Early Battey and Andy Kosco delivered singles. Fred Gladding replaced Podres and saved the victory for the Tigers.

Mickey Lolich goes against the Twins tonight and Jim Kaat will pitch for Minnesota.

Schedule

Saturday—Kiwanis vs. Credit Union
Monday—Winner vs Eagles
Tuesday—V. F. W. vs. Lions
Wednesday—Winner of game 2 vs. Rotary
Thursday—Winner of game 3 vs. Bankers

Playing their typical brand of ball the Escanaba Bankers capitalized on the break last night to win the 1966 Escanaba Jaycee Little League championship, 3 to 0, in a showdown game with Rotary. Bill Skradski picked up his seventh win of the season in a nifty four-hit effort, as the Bankers put together one of the best won and lost records in the league's 16 year history.

It was a tough game to lose for Rotary pitcher Mark Irving who matched Skradski most of the way. A momentary lapse of control in the fifth put runners on first and second and with two away a towering fly ball to center got away from Ken Lueneberg, one of the best ball hawks in the league. A moment later Skradski put the game out of reach when he singled through the box to add two insurance runs.

Rotary made its only threat in the top of the fourth when Phil Dumais doubled against the right center wall, and Wayne Schwalbach singled to right, but Bob Micensky's throw to the plate was on the button to nip Dumais.

The loss dropped Rotary to a tie for second with the VFW who beat them earlier in the week, 3 to 1, behind the strong pitching of Dave Taylor.

Busy Week For Esky Cub Team

The Esky Cubs face a busy week of exhibition baseball action, starting with a home stand against the Manistique Indians at the Al Ness Field Sunday, beginning at 2.

Coach Al Erickson's Cubs, who bowed to Powers by a 10-2 margin in their last start, will take on Powers in a rematch here Wednesday, July 13, at 6.

On Sunday, July 17, the Cubs will play a home twin bill against the Manistique Legion team.

Keino Vows To Regain Crown

NAIROBI, Kenya (AP) — Kipchoge Keino said Thursday he is determined to bring back the world record in the 5,000 meters to Kenya and is confident he can do 13:08 for the distance.

Australia's Ron Clarke took the record from Keino with a time of 13:16.6 in Stockholm Tuesday and en route set a world mark of 12:50.4 for the three miles. Keino had held the world mark of 13:24.2 in the 5,000 meters before Clarke's Stockholm effort.

Minor League

The schedule of games for next week (all games at 6 p. m.)

Monday—Rotary vs. Lions at Royce; VFW vs. Kiwanis at Minor.

Tuesday—Jaycees vs. Bankers at Royce; VFW vs. Lions at Minor.

Wednesday — Kiwanis vs. Bankers at Minor.

Thursday—Rotary vs. Jaycees at Minor.

Drysdale's Bat Solves Some Of Mound Problems

By The Associated Press

Good hit, no throw.

That's the story of Don Drysdale's latest effort, but the hitting overcame the throwing and enabled Drysdale and the Los Angeles Dodgers to overcome Atlanta 3-2 Thursday night.

Drysdale, who has had numerous pitching problems this season, added some more to his list in the first 4⅓ innings against the Braves, throwing wild twice and hitting a batter once. In the last four innings, though, the hitting took over as he rapped singles three times.

The big right-hander's difficulties started in the third inning with two Braves on base and two out. Drysdale tried to pick Frank Bolin off second, but the throw went wide and the Braves had two runners in scoring position.

Drysdale then hit Mack Jones with a pitch, loading the bases, before Hank Aaron cracked a two-run single.

The Dodgers' onetime ace uncorked another wild pickoff throw with a man on and two out in the fifth, but this time he pitched out of it.

Drysdale the hitter then took over. He led off the bottom of the fifth with a single and reached second, then led off the seventh with a single and reached third. But Los Angeles didn't get a run either time.

He persisted, though, and one of his hits finally produced a run. With the game tied 2-2, Wes Parker at third and two out in the eighth inning, Drysdale grounded to short and beat it out for a run-scoring single.

In other National League games Thursday, San Francisco outslugged Cincinnati 7-5, Chicago edged Pittsburgh 5-4 and New York topped Philadelphia 9-6.

In the American League, Detroit nipped Minnesota 4-3, New York downed Boston 5-2 and Chicago defeated Washington 8-5.

Drysdale, winning his sixth game against 11 losses, left for a pinch runner after his third hit. He allowed five hits in eight innings, and Phil Regan stopped Atlanta in the ninth. Maury Wills had a run-producing single for the Dodgers while Jim Lefebvre contributed a sacrifice fly.

Cincinnati grabbed a 5-0 lead over San Francisco, but the Giants roared back on two-run homers by Tito Fuentes, Willie Mays and Cap Peterson. Tom Haller added a bases-empty homer for the Giants while Leo Cardenas connected with two on for the Reds.

Pittsburgh led Chicago 3-0, but the Cubs came from behind, too. A three-run rally in the seventh gave them a 5-3 margin. Ernie Banks doubled in the first run, and Byron Browne singled across the second and scored the third on Randy Hundley's sacrifice fly.

New York blew a five-run lead, saw Philadelphia tie the game 6-6 on Bob Uecker's eighth-inning homer, but then won it with three runs in the ninth. Al Luplow doubled in the tie-breaking run for the Mets, and Larry Elliot's double brought in two more runs.

LEGAL NOTICES

NOTICE OF MORTGAGE SALE

Default having been made in the conditions of that certain mortgage dated the 15th day of September, 1960 executed by FRANCIS M. BUTLER and WILMA BUTLER, as his wife and in her own rights, as MORTGAGORS, to THE FEDERAL LAND BANK OF SAINT PAUL, a body corporate, of St. Paul, Minnesota, as MORTGAGEE, filed for record in the Office of the Register of Deeds of Delta County, Michigan on September 26, 1960, recorded in Liber 127 of Mortgages on Pages 85, 86 and 87 thereof, and as assigned by said FEDERAL LAND BANK OF SAINT PAUL to PRODUCTION CREDIT ASSOCIATION OF ESCANABA, 1608 Ludington, Escanaba, Michigan, as ASSIGNEE, as filed for record in the Office of the Register of Deeds, Delta County, Michigan on June 21, 1966, recorded in Liber 143 of Mortgages, on page 491, thereof.

NOTICE IS HEREBY GIVEN, That said mortgage, as assigned, will be foreclosed pursuant to power of sale therein granted and the premises therein described as follows:

The Northeast Quarter of the Northwest Quarter except the east 525 feet of the north 525 feet thereof; also all that part of the Southeast Quarter of the Northwest Quarter lying northeasterly of the Chicago and Northwestern Railroad Right of Way; also all that part of the Southwest Quarter of the Northwest Quarter lying northeasterly of the Chicago and Northwestern Railroad Right of Way; and that part of the Southwest Quarter of the Nortnwest Quarter lying west of the East Branch of Bark River; also all that part of the Southeast Quarter of the Northwest Quarter of the Northwest Quarter described as: Commencing at the southeast corner thereof; thence west to Chicago and Northwestern Railroad Right of Way; thence northwesterly along this right of way to right of way of Escanaba and Iron Mountain Railway Right of Way; thence east along this right of way to east line of Northwest Quarter of the Northwest Quarter; thence south to place of beginning;

all in Section twenty-eight (28), Township Thirty-nine (39) North, Range Twenty-four (24) West.

Subject to highways and easements and rights of way of record, lying within the County of Delta, State of Michigan, will be sold at public auction to the highest bidder for cash by the Sheriff of said County at the front door of the Court House in the City of Escanaba in said County and State, (that being the place of holding the Circuit Court for the County in which said mortgaged premises are located) on Tuesday, September 20, 1966 at ten o'clock A. M. There is due and payable at the date of this notice upon the debt secured by said mortgage, the sum of $4,395.95

Dated: June 22, 1966

CITY OF ESCANABA

Being Millionaire Not Worth While

By HAL BOYLE

NEW YORK (AP) — Who wants to be a millionaire?

It hardly seems worth the trouble anymore.

There was a time when becoming a millionaire was one of the great American dreams. It was the most popular symbol of success.

When you made a million dollars you were a king of the hill, a Horatio Alger hero, a captain of industry. Everybody knew you. As you passed through the streets people stepped out of the way and whispered to each other in awe: "There goes Alonzo Q Grubb. He's a millionaire."

A million dollars to the average man represented the acme of wealth. That was the biggest figure his mind could grasp.

How could a man hope to become a millionaire? In countless interviews every millionaire gave the same simple stern formula: "Hard work and thrift."

Today it's much easier. You can do it by writing a naughty book. Even racehorses become millionaires.

In America's gilded past a million dollars enabled a man to live a life of splendor. He could dwell in a penthouse, have a place in the country with five servants, ride in a chauffeur-piloted limousine, own a yacht, subsist on champagne and oysters, subsidize a chorus girl, and buy a politician or two when necessary.

How innocent the world must have been in those days. But that palmy past is over.

Today a man with only one million dollars to his name is a rather pitiable figure. He falls in an in-between class — too well-to-do to qualify for the federal poverty program, too poor to hobnob with the really rich.

The ideal now is the multi-multimillionaire, the billionaire the guy who keeps a money shredder in his basement because it is easier to shred up his old cash at home than face the nuisance of having to cart it to the bank.

But consider the plight of the one-million millionaire who wants to conserve his small pile and live off the income. He can't afford to live like a millionaire at all.

If he invests it cautiously, it can probably only bring him about 5 per cent over the long haul. That's $50,000, of which say $15,000 goes into the government till.

This leaves him a measly $35,000 free and clear. That may keep him out of the breadline, but if he wants a Rolls-Royce he'll have to buy it on the installment till.

It ain't what you get, it's what you owe that wins respect in our present prosperity. A guy with only one million is less respected than one who owes two million.

Declares Dividend

JACKSON (AP) — Consumers Power Company has declared a quarterly dividend of 47.5 cents per share payable Aug. 20 to stockholders of record July 18, 1966.

Garden Peninsula

Mr. and Mrs. Leo Spencer and daughter, Rosemary of Elk Rapids, Mich., spent the weekend with her sisters, Mrs. Alex Shesterkin, Mrs. Virgel Winter and Fern Mellon. Their guests on Sunday included another sister, Mrs. Margie Tobin and daughter, Beth, of Seney, Clyde Tobin Jr. of Lansing and friend, Kathy Payne.

Mrs. Emma Winter of Oshkosh, Wis., spent the weekend with Mrs. Charles Winter.

Mr. and Mrs. Jim LaVallee and son, Jim, of Auburn Heights, Mich., spent the weekend visiting Mr. and Mrs. Alfred LaVallee and Mr. and Mrs. Henry Doyle. Miss Gail Doyle went back with them to spend a vacation.

The Henry Doyles entertained family and friends at a barbeque Sunday, July 3. Slides of Viet Nam were shown, which were taken by their son, William, who is now stationed there. Family and friends who attended were Mr. and Mrs. Pete Miller and sons, Kevin and Kennen of Bentonville, Illinois, Phil Bartus of Chicago, Ill., Mr. and Mrs. Steve Pscodna Jr. and son, Greig, of Auburn, New York, Mr. and Mrs. James LaVallee and son, Jim, of Auburn Heights, Mich., Sid Wood of Manistique, Mrs. Charles Lovell and daughter, Charlene and son, Rod, Mr. and Mrs. Steve Pscodna, Frank Bartus, Mr. and Mrs. John Bartus and Gail Doyle of Garden.

Mr. and Mrs. Eugene Groll from Owosso are visiting with friends and relatives in the Garden and Fayette area.

Mr. and Mrs. Alfred Swanson are vacationing at their home in Sack Bay. Mr. Swanson returned to their home in Flint while the rest of the family will remain here for another week.

The Darrell Pizzalas of Flint are visiting in Garden and Fayette. Carey Lynn and Lori Ann Pizzala were baptized at the East Delta Parish in Garden.

A family dinner was held at the home of Mrs. Charles Winter on July 1. The occasion marked the 84th birthday anniversary of Mrs. Winter who is enjoying perfect health and maintaining her own home. Members of her family present were Mr. and Mrs. LeRoy Winter; Mr. and Mrs. Jack Janes and children, Dee-Dee, Ricky, Lola and Neal; Mr. and Mrs. Virgel Winter, Catherine and Colleen Winter all of Garden; Mrs. Eugene Bernier and daughter, Becky, of Pontiac; Mr. and Mrs. Ed Thompson and children, Sally, Susie, Cindy, Pat, Chuck and Ed; Mr. and Mrs. Dean Kalishek and children, Becky, David and Jimmie, all of Gladstone. Mrs. Winter received many beautiful gifts, flowers, cards and telephone calls to make the day one to be long remembered.

Mrs. Milton Gruhn and children, Christine, Danny, Cheryl, Tim and Julie have arrived from Lansing, to spend the summer at their home in Kates Bay.

Graduates from the Garden area to return to their alma mater, Cooks High School for the school reunion were: Karen Pizzala, Dick and Lois Pasino, Richard and Lois Beudre, Carol and Milton Hazen, Nick and Shirley Thennes, Joe and Ethel Eva Harbinski, Everett and Dorothy Groll, Kent and Melanie Peterson, Wayne and Sharon Seamen, William and Mary Lou Ward, Virgil and Nadine Pizzala, Charles and Pat Rasmussen, John and Bea LaTulip, Ed and Loretta Hoy, James and Jeannie Van Remortal, Bernard Bodette and Earl Lester.

Mrs. Karen Pizzala and sons, Ricky and Allen of Flint visited with her parents, Mr. and Mrs. Norman Casey of Fairport.

Miss Penny Gierke is spending a week's vacation with her parents, Mr. and Mrs. Howard Gierke of Fairport.

Mr. and Mrs. Milton Jacobsen of Detroit are vacationing at their home in Fairport.

Mr. and Mrs. Edson Hoy of Trenary spent the weekend at the home of her parents, Mr. and Mrs. Martin Thill. They attended the Cooks School reunion July 2.

Mr. and Mrs. Virgil Pizzala and family and Mr. and Mrs. Herbert Pizzala of Flint are spending a vacation with friends and relatives.

Mr. and Mrs. Richard DeKarske and son, David, from Detroit, are here for a week.

Terry Ranguette and Lois Peterson of Chicago are visiting their families, Mr. and Mrs. Lloyd Ranguette and Mr. and Mrs. Kenneth Peterson.

Mrs. Rosemary Gauthier and children, Tammy and Jeff are visiting her parents, Mr. and Mrs. Earl Cota.

Miss Mae Forhart is returning to Phoenix, Arizona, where she is employed, after visiting her mother, Mrs. Doris Forhart. Her sister, Leone, returned with her to spend a month in Arizona.

UP Ground Water Levels Are Up

LANSING (AP) — Ground water levels in Southern Lower Michigan generally declined in June and were below average at all measuring stations except the one in Kalamazoo County, the U.S. Geological Survey reports.

The water levels generally had been above average in May, but only the Kalamazoo County station reported an increase in June.

Levels continued above average in Upper Michigan and Northern Lower Michigan, although the level in Roscommon County declined.

EASY BUDGET TERMS

A triumph in engineering, styling and value!

FEATURES:
- 22 Transistor, 6 Diode Instant-on Circuitry
- 5 Audiophile Controls for Complete Sound Mastery
- Four Balanced High Fidelity Speakers

It took the resources and know-how of Symphonic, America's largest manufacturer of phonographs, to create and produce this value miracle. Engineered with all transistor amplifier that delivers 10 watts of power and frequency response of 50 to 15,000 cps. Fully automatic changer plays all 4 speeds and stops after last record. Four balanced high fidelity speakers. 5 audiophile controls in master panel that adjust to your listening preference.

But that is not all . . . tunes in FM radio in full dimensional stereo, regular FM and standard AM broadcasts.

And that is not all . . . you get a smart contemporary styled console in choice of Walnut or Mahogany finish.

It all adds up to a wonderful world of sound and value!
